

entities. For these reasons, no regulatory flexibility analysis has been prepared.

### 3. Executive Order 12612 (Federalism)

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that the rule will not have sufficient Federalism implications to warrant preparation of a Federalism Assessment. No State laws will be affected.

### 4. National Environmental Policy Act

The agency has considered the environmental implications of this rule in accordance with the National Environmental Policy Act of 1969 and determined that the rule will not significantly affect the human environment.

### 5. Civil Justice Reform

This rule will not have any retroactive effect. Under section 103(d) of the National Traffic and Motor Vehicle Safety Act (49 U.S.C. 30111), whenever a Federal motor vehicle safety standard is in effect, a state may not adopt or maintain a safety standard applicable to the same aspect of performance which is not identical to the Federal standard. Section 105 of the Act (49 U.S.C. 30161) sets forth a procedure for judicial review of final rules establishing, amending or revoking Federal motor vehicle safety standards. That section does not require submission of a petition for reconsideration or other administrative proceedings before parties may file suit in court.

### List of Subjects in 49 CFR Part 571

Imports, Motor vehicle safety, Motor vehicles, Rubber and rubber products, Tires.

In consideration of the foregoing, the agency is amending Standard No. 121, *Air Brake Systems*, part 571 of Title 49 of the Code of Federal Regulations as follows:

### PART 571—[AMENDED]

1. The authority citation for Part 571 continues to read as follows:

**Authority:** 49 U.S.C. 322, 30111, 30115, 30117, and 30166; delegation of authority at 49 CFR 1.50.

2. In § 571.121, S5.3.5 introductory text and S5.3.5(a) are revised to read as follows:

#### § 571.121 Standard No. 121; Air brake systems.

\* \* \* \* \*

S5.3.5 Control signal pressure differential—converter dollies and trailers designed to tow another vehicle equipped with air brakes.

(a) For a trailer designed to tow another vehicle equipped with air brakes, the pressure differential between the control line input coupling and a 50-cubic-inch test reservoir attached to the control line output coupling shall not exceed the values specified in S5.3.5(a)(1), (2), and (3) under the conditions specified in S5.3.5(b)(1) through (4):

(1) 1 psi at all input pressures equal to or greater than 5 psi, but not greater than 20 psi; and

(2) 2 psi at all input pressures equal to or greater than 20 psi but not greater than 40 psi; and

(3) not more than a 5-percent differential at any input pressure equal to or greater than 40 psi.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 672

[Docket No. 950206041-5041-01; I.D. 072195A]

#### Groundfish of the Gulf of Alaska; Pollock in the Eastern Gulf of Alaska

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Closure.

**SUMMARY:** NMFS is prohibiting retention of pollock in the Eastern Regulatory Area of the Gulf of Alaska (GOA). NMFS

is requiring that catches of pollock in this area be treated in the same manner as prohibited species and discarded at sea with a minimum of injury. This action is necessary because the pollock total allowable catch (TAC) in the Eastern Regulatory Area of the GOA has been reached.

**EFFECTIVE DATE:** 12 noon, Alaska local time (A.l.t.), July 24, 1995, until 12 midnight A.l.t., December 31, 1995.

**FOR FURTHER INFORMATION CONTACT:** Thomas W. Pearson, 907-486-6919.

**SUPPLEMENTARY INFORMATION:** The groundfish fishery in the GOA exclusive economic zone is managed by NMFS according to the Fishery Management Plan for the Groundfish Fishery of the GOA (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson Fishery Conservation and Management Act. Fishing by U.S. vessels is governed by regulations implementing the FMP at 50 CFR parts 620 and 672.

In accordance with § 672.20(c)(1)(ii), the TAC for pollock in the Eastern Regulatory Area of the GOA was established by the final 1995 harvest specifications of groundfish (60 FR 8470, February 14, 1995), as 3,360 metric tons.

The Director, Alaska Region, NMFS, has determined, in accordance with § 672.20(c)(3), that the TAC for pollock in the Eastern Regulatory Area of the GOA has been reached. Therefore, NMFS is requiring that further catches of pollock in the Eastern Regulatory Area of the GOA be treated as prohibited species in accordance with § 672.20(e).

### Classification

This action is taken under 50 CFR 672.20 and is exempt from review under E.O. 12866.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: July 24, 1995.

**Richard W. Surdi,**

*Acting Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.*
