

**§ 33.88 Engine overtemperature test.**

In addition to the requirements of section 33.88, the following must be performed:

(a) For engines that do not provide a means for temperature limiting; conduct a test for a period of five minutes at the maximum permissible power-on RPM, with the gas temperature at least 75 degrees Fahrenheit higher than the 30-Second OEI rating operating temperature limit.

(b) For engines that provide a means for temperature limiting; conduct a test for a period of four minutes at the maximum permissible power-on RPM, with the gas temperature at least 35 degrees Fahrenheit higher than the 30-Second OEI rating operating temperature limit.

(c) A separate test engine may be used for each test.

(d) Following the test, rotor assembly growth and distress beyond serviceable limits for an overtemperature condition is permitted, provided the structural integrity of the rotor assembly is maintained, as shown by a procedure that is acceptable to the Administrator.

**§ 33.93 Teardown inspection.**

In addition to the requirements of section 33.93, this special condition requires that the engine be completely disassembled after completing the additional testing of section 33.87. The engine may exhibit deterioration in excess of that permitted in section 33.93(b), and may include some engine parts and components that may be unsuitable for further use. It must be shown by procedures approved by the Administrator that the structural integrity of the engine, including mounts, cases, bearing supports, shafts and rotors, is maintained.

Issued in Burlington, Massachusetts, on July 20, 1995.

BILLING CODE 4910-13-M

**DEPARTMENT OF THE INTERIOR****Office of Surface Mining Reclamation and Enforcement****30 CFR Part 906****Colorado Regulatory Program**

**AGENCY:** Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

**ACTION:** Proposed rule; public comment period and opportunity for public hearing on proposed amendment.

**SUMMARY:** OSM is announcing receipt of a proposed amendment to the Colorado regulatory program (hereinafter, the "Colorado program") under the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The proposed amendment consists of revisions to rules pertaining to definitions; the applicability of Colorado's rules; permit application requirements for legal, financial, and related information; permit application requirements for operation and reclamation plans; requirements for special categories of mining; public participation and approval of permit applications; performance standards for revegetation; and performance standards for subsidence control. The amendment is intended to revise the Colorado program to be consistent with the corresponding Federal regulations and improve operational efficiency.

**DATES:** Written comments must be received by 4:00 p.m., m.d.t. August 28, 1995. If requested, a public hearing on the proposed amendment will be held on August 22, 1995. Requests to present oral testimony at the hearing must be received by 4:00 p.m., m.d.t. on August 14, 1995.

**ADDRESSES:** Written comments should be mailed or hand delivered to James F. Fulton at the address listed below.

Copies of the Colorado program, the proposed amendment, and all written comments received in response to this document will be available for public review at the addresses listed below during normal business hours, Monday through Friday, excluding holidays. Each requester may receive one free copy of the proposed amendment by contacting OSM's Western Regional Coordinating Center.

James F. Fulton, Chief, Denver Field Division, Western Regional Coordinating Center, Office of Surface Mining Reclamation and Enforcement, 1999 Broadway, Suite 3300, Denver, Colorado 80202

Colorado Division of Minerals and Geology, Department of Natural Resources, 215 Centennial Building, 1313 Sherman Street, Denver, Colorado 80203, Telephone: (303) 866-3567.

**FOR FURTHER INFORMATION CONTACT:**

James F. Fulton, Telephone: (505) 766-1486.

**SUPPLEMENTARY INFORMATION:****I. Background on the Colorado Program**

On December 15, 1980, the Secretary of the Interior conditionally approved the Colorado program. General background information on the Colorado program, including the Secretary's findings, the disposition of comments, and the conditions of approval of the Colorado program can be found in the December 15, 1980, **Federal Register** (45 FR 82173). Subsequent actions concerning Colorado's program and program amendments can be found at 30 CFR 906.11, 906.15, 906.16, and 906.30.

**II. Proposed Amendment**

By letter dated July 12, 1995, Colorado submitted a proposed amendment to its program (administrative record No. CO-670) pursuant to SMCRA (30 U.S.C. 1201 *et seq.*). Colorado submitted the proposed amendment at its own initiative and in response to a February 7, 1990, letter (administrative record No. CO-484) that OSM sent to Colorado in accordance with 30 CFR 732.17(c). The provisions of 2 Code of Colorado Regulations 407-2, the rules and regulations of the Colorado Mined Land Reclamation Board for Coal Mining, that Colorado proposes to revise are: Rule 1.04, definitions; Rule 1.05, applicability of Colorado's rules; Rule 2.03, permit application requirements for legal, financial, and related information; Rule 2.05, permit application requirements for operation and reclamation plans; Rule 2.06, requirements for special categories of mining; Rule 2.07, public participation and approval of permit applications; Rule 4.15, performance standards for revegetation; and Rule 4.20, performance standards for subsidence control.

Specifically, Colorado proposes to revise:

Rule 1.04(21), the definition of "coal," to indicate that the referenced publication of the American Society of Testing and Materials is incorporated as it existed on the date of promulgation of these revisions;

Rule 1.04(80), the definition of "operator," to replace the term "refuse pile" with "mine waste disposal facility;"

Rule 1.04(92), the definition of "person," to be consistent with the definition of "person" in the Colorado Surface Coal Mining Reclamation Act;

Rule 1.05.1(b), to remove an exemption from the Colorado program for operations which affect 2 acres or less;
