

Federal Energy Regulatory Commission**[Project No. 2680-017 Michigan]****Consumers Power Company and the Detroit Edison Company; Notice of Availability of Draft Environmental Assessment**

July 27, 1995.

A draft environmental assessment (DEA) is available for public review. The DEA is for a settlement agreement containing proposed measures for fish protection and angler access at the Ludington Pumped Storage Project (FERC No. 2680). The DEA finds that approval of the settlement agreement and implementation of the proposed measures for fish protection and angler access would not constitute a major federal action significantly affecting the quality of the human environment. The Ludington Pumped Storage Project is located on the Eastern Shore of Lake Michigan in Mason County, Michigan.

The DEA was prepared by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the DEA can be viewed at the Commission's Reference and Information Center, Room 3308, 941 North Capitol Street, N.E., Washington, D.C. 20426. Copies can also be obtained by calling the project manager listed below.

Please submit any comments within 30 days from the date of this notice. Any comments, conclusions, or recommendations that draw upon studies, reports or other working papers of substance should be supported by appropriate documentation.

Comments should be addressed to Lois D. Cashell, Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. Please denote "Comments: Project No. 2680-017" on all comments. For more information, please contact the project manager, John Mudre, at (202) 219-1208.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

[Docket No. RP95-257-001]**Equitrans, Inc.; Notice of Motion to Place Rates Into Effect**

July 27, 1995.

Take notice that on July 24, 1995, Equitrans, Inc. (Equitrans) filed a motion to place into effect revised tariff sheets in accordance with the

Commission's May 31, 1995 Order in this proceeding.

Equitrans states that the sheets listed in Appendix A of the Motion were included in Equitrans' April 28, 1995 filing, and Equitrans is moving to place them into effect without any modification. The rate and tariff sheets listed in Appendix B of the motion have been modified to incorporate minor clerical and conforming changes. Both sets of tariff sheets are proposed to become effective on August 1, 1995 in compliance with the May 31, 1995 Order. Equitrans has requested a waiver to permit the minor and clerical changes to the tariff sheets contained in Appendix B and any other waivers necessary to permit the Appendix A and B tariff sheets to become effective August 1, 1995.

Equitrans also states that the tariff sheets implement a new Appalachian pooling service for Equitrans' customers (APS service) which will make it easier for customers to nominate Appalachian production on the Equitrans system, while reducing administrative responsibility of the pipeline in scheduling and balancing the numerous Appalachian receipt points which Equitrans operates.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE, Washington, DC 20426, in accordance with Section 835.211 of the Commission Rules of Practice and Procedure. All such protests should be filed on or before August 3, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to this proceeding. Parties that have already filed motions to intervene in this proceeding need not file another motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

[Docket No. RP95-394-00]**Tennessee Gas Pipeline Company; Notice of Petition for Extension**

July 27, 1995.

Take notice that on July 20, 1995, Tennessee Gas Pipeline Company (Tennessee) tendered for filing a Statement in Support of Maintaining its Transportation Cost Rate Adjustment

Mechanism (TCRA) contained in Article XXIV of the General Terms and Conditions of its FERC Gas Tariff, Fifth Revised Volume No. 1.

Tennessee states that it is filing its Statement in accordance with Commission's ruling, in Tennessee's restructuring dockets, that indicates it intended to review the TCRA two years from the effective date of restructured services on Tennessee's system. Tennessee states that the TCRA should be maintained because the TCRA is necessary to allow Tennessee to continue to recover its eligible and prudent stranded upstream transportation costs in accordance with the Commission's findings in Docket No. RP93-148 and in the "Ozark Exit Fee" docket.

Tennessee also states that the TCRA should be maintained because Tennessee has made significant progress in reducing its TBO costs, and that the TCRA has been shown to be a proven and effective TCRA "tracker" mechanism that ensures that only those costs incurred under the unexpired TBO contracts are recovered from Tennessee's customer for the term of those contracts.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before August 3, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the public reference room.

Lois D. Cashell,
Secretary.
