Background

On May 17, 1989, FCIC published a final rule in the Federal Register at 54 FR 21195 setting out the specific crop insurance endorsements to which the Late Planting Agreement Option would apply. Upon review of this regulation, FCIC determined that the provisions of this section should be updated to remove the wheat, barley, oat, rye and flaxseed endorsements because they are now located in the small grains crop insurance provisions under part 457 and the sunflower seed endorsement because it is now located under part 457 and to add the Tobacco (guaranteed plan) endorsement. Therefore, FCIC clarifies the availability of the Late Planting Agreement Option by amending § 401.107(e) for this purpose.
