179(b)(1) of the Clean Air Act as a result of incompleteness, in ozone nonattainment areas where EPA notifies the State, MPO, and DOT that the following control strategy implementation plan revisions are incomplete:

- (i) The implementation plan revision due November 15, 1994, as required by Clean Air Act sections 182(c)(2)(A), and/or 182(c)(2)(B);
- (ii) The attainment demonstration required for moderate intrastate ozone nonattainment areas which chose to use the Urban Airshed Model for such demonstration and for multistate moderate ozone nonattainment areas; or
- (iii) The VOC reasonable further progress demonstration due November 15, 1993, as required by Clean Air Act section 182(b)(1), if EPA notes in its incompleteness finding as described in paragraph (c)(1)(iii) of this section that the submittal would have been considered complete with respect to requirements for emission reductions if all committed measures had been submitted in enforceable form as required by Clean Air Act section 110(a)(2)(A).
- (iv) The consequences described in paragraph (c)(1) of this section shall be nullified if such provisions have been applied as a result of a failure described in paragraph (c)(2) of this section, and paragraph (c)(2) of this section shall henceforth apply with respect to any such failure.

* * * * * * (d) * * *

(3) Notwithstanding paragraph (d)(2) of this section, if EPA disapproves the submitted control strategy implementation plan revision but determines that the control strategy contained in the revision would have been considered approvable with respect to requirements for emission reductions if all committed measures had been submitted in enforceable form as required by Clean Air Act section 110(a)(2)(A), the conformity status of the transportation plan and TIP shall lapse on the date that highway sanctions as a result of the disapproval are imposed on the nonattainment area under section 179(b)(1) of the Clean Air Act, unless another control strategy implementation plan revision is submitted to EPA and found to be complete.

Determination of Attainment of Ozone Standard by Ashland, Kentucky, Northern Kentucky (Cincinnati area), Charlotte, North Carolina, and Nashville, Tennessee, and Determination Regarding Applicability of Certain Reasonable Further Progress and Attainment Demonstration Requirements: Withdrawal

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of final rule.

SUMMARY: On June 22, 1995, the EPA published a proposed rule (60 FR 32477) and a direct final rule (60 FR 32466) determining that the Ashland, Kentucky, Northern Kentucky (Cincinnati Area), Charlotte, North Carolina, and Nashville, Tennessee, ozone nonattainment areas were attaining the National Ambient Air Quality Standard (NAAQS) for ozone. Based on that determination, the EPA also determined that requirements of section 182(b)(1) of the Clean Air Act (Act) concerning the submission of the 15 percent plan and ozone attainment demonstration and the requirements of section 172(c)(9) of the Act concerning contingency measures are not applicable to the areas so long as the areas do not violate the ozone standard. The EPA is removing the final rule due to adverse comments regarding the Northern Kentucky (Cincinnati) area and will summarize and address all public comments received in a subsequent final rule (based upon the proposed rule cited above). Additionally, since publication of the original determination on June 22, 1995, the Ashland, Kentucky, and Charlotte, North Carolina, areas were redesignated to attainment on June 29, 1995 (60 FR 33748), and July 5, 1995 (60 FR 34859), respectively, making this finding for those areas no longer necessary. A final rule will be published regarding the Nashville area for which no adverse comments were received.

EFFECTIVE DATE: The direct final rule published at 60 FR 32466, June 22, 1995, is withdrawn effective August 7, 1995.

ADDRESSES: Copies of the documents relevant to this action are available for public inspection during normal business hours at the following location: U.S. Environmental Protection Agency, Region 4, Air Programs Branch, 345 Courtland Street, Atlanta, Georgia 30365.

FOR FURTHER INFORMATION CONTACT: Kay Prince, Regulatory Planning & Development Section, Air Programs Branch, Air, Pesticides & Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 345 Courtland Street, Atlanta, Georgia 30365. Title V Clean Air Act Final Interim Approval of Operating Permits Program: District of Columbia

AGENCY: U.S. Environmental Protection Agency (EPA).

ACTION: Final interim approval.

SUMMARY: EPA is promulgating interim approval of the operating permits program submitted by the District of Columbia for the purpose of complying with federal requirements for an approvable program to issue operating permits to all major stationary sources, and to certain other sources.

EFFECTIVE DATE: September 6, 1995. **ADDRESSES:** Copies of the District's submittal and other supporting information used in developing the final interim approval are available for

inspection during normal business hours at the following location: Air, Radiation, and Toxics Division, U.S. Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, PA 19107.

FOR FURTHER INFORMATION CONTACT: Jennifer M. Abramson, (3AT23), Air, Radiation and Toxics Division, U.S. Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, PA 19107, (215) 597—
