the NSHAPC Form N List of Providers, and with the detailed program questionnaires, NSHAPC Forms 100B to 100L, (Attachments B to L, respectively) explaining the survey and the confidentiality of their responses. As can be seen on the NSHAPC questionnaire cover sheets (Attachments B through M respectively), a statement of confidentiality assurance is printed at the top of the form. Careful procedures are followed by the Bureau of the Census to assure privacy during the interview, and to protect the confidentiality of materials generated during the course of the interview. Every Bureau of the Census employee takes an oath and is subject to a jail sentence and a fine for improperly disclosing any information that would

identify an individual or household. All field representatives are trained to interview respondents in private. All questionnaires associated with the national survey will be kept under secured conditions by the Bureau of the Census.

10. Justification for Sensitive Questions

The NSHAPC-100A to NSHAPC-100M questionnaires do not include any questions of a sensitive nature.

11. Cost

The total estimated cost for Phase 1 of the national survey is \$1,950,000. Cost for Phase 1, Steps 1 and 2 is \$1,500,000. Cost to collect detailed program and service level data (Step 3) is \$450,000. We compiled this estimate using individual estimates developed within

each Census Bureau division involved in this survey. Estimates are based on the size of the sample and the length of the questionnaires. Administrative overheads, design, printing, and mailing costs are included.

The total estimated cost for Phase 2 is \$2,200,000.

The only cost to the service providers and the service users (clients) is the time it takes to complete the questionnaire.

12. Estimate of Respondent Burden

The projected number of government contacts, service providers and clients to be contacted and the estimated burden for the survey are indicated below:
