enable employees to attempt to elude detection or otherwise frustrate any investigatory actions. The return and return information contained within this system constitute investigatory material compiled for law enforcement purposes under Title 26 of the United States Code.

Pursuant to the Privacy Act of 1974, the Department of the Treasury is publishing separately the Notice of Alteration of this Treasury/IRS system of records, to be maintained by the IRS.

Under 5 U.S.C. 552a(k)(2), the head of an agency may promulgate rules to exempt any system of records within the agency from certain provisions of the Privacy Act of 1974 if the system is investigatory material compiled for law enforcement purposes. The Internal Revenue Service has as its principal function enforcement of the tax laws of the United States. This enforcement activity contains investigatory material compiled for law enforcement purposes under Title 26 of the United States Code.

The exemption under 5 U.S.C. 552a(k)(2), relating to investigatory material compiled for law enforcement purposes, is hereby claimed for this system.

The Department of the Treasury is hereby giving notice of a proposed rule to exempt this system of records described above from certain provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2) and the authority of 31 CFR 1.23(c). The reason for exempting this system of records from this provision of 5 U.S.C. 552a is set forth in the rule itself.

As required by Executive Order 12291, it has been determined that this proposed rule is not a "major" rule and, therefore, does not require a Regulatory Impact Analysis.

Pursuant to the requirements of the Regulatory Flexibility Act, 5 U.S.C. 601–612, it is hereby certified that this rule will not have significant economic impact on a substantial number of small entities.

In accordance with the provisions of the Paperwork Reduction Act of 1980, the Department of the Treasury has determined that this proposed rule would not impose new recordkeeping, application, reporting, or other types of information collection requirements.

# Glacier Bay National Park, Alaska: Vessel Management Plan Regulations

**AGENCY:** National Park Service, Interior. **ACTION:** Proposed Rule; re-opening of public comment period.

**SUMMARY:** The proposed rule would revise National Park Service regulations, including vessel quotas, that were established to protect the endangered humpback whale and other resources Glacier Bay National Park and Preserve manages. The regulations follow an Endangered Species Act, Section 7, consultation with the National Marine Fisheries Service (NMFS), and are consistent with the 1993 Biological Opinion issued by that agency. The regulations are drafted to track the proposed action (Alternative Five) from the six-alternative Vessel Management Plan and Environmental Assessment prepared by the NPS.

The proposed regulations contemplate an increase in cruise ship use, to be offset by specific mitigation measures. The regulations would authorize a 72 percent seasonal increase in cruise ship traffic during the months of June, July and August. However, there would be no increase in the maximum number of

cruise ships permitted to use the bay on any given day (two).

Rather, the increased traffic will be absorbed, for the most part, by authorizing more cruise ship entries in early and late summer. The NPS also solicits comments on the possibility of modest increases in seasonal use by charter and private vessels.

The proposed regulations would extend and codify park compendium vessel regulations that were developed, under the authority of the existing regulations, for the protection of humpback whales, Steller sea lions, and other wildlife and resource values within the park. Additional measures are also proposed to mitigate natural resource impacts associated with the proposed increase in vessel traffic.

Finally, to provide park visitors a range of recreational opportunities and to maintain opportunities for the safe use of kayaks, the proposed regulations would close the upper Muir Inlet to motor vessels on a seasonal basis.

This rulemaking, the substance of which was printed as a proposed rule on June 5, 1995 (60 FR 29523), extends the comment period for another 15 days to allow additional review and comment by interested groups and persons.

**DATES:** Comments will be accepted until August 25, 1995.

## SUPPLEMENTARY INFORMATION:

# Extended Comment Period: Glacier Bay National Park—Vessel Management Plan Regulations.

This document announces a 15-day re-opening of the comment period for the proposed Glacier Bay National Park—Vessel Management Plan Regulations, that was published in the **Federal Register** on June 5, 1995 (60 FR 29523). The initial comment period expired on August 4, 1995. Comments received during the initial comment period requested additional time to review the proposed regulations. Accordingly, the comment period for the proposed rule is hereby extended for an additional 15 days.
