33 CFR Part 165

[CGD02-95-015]

RIN 2115-AA97

Safety Zone; Lower Mississippi River, mile 840.0 to mile 835.0

AGENCY: Coast Guard, DOT. **ACTION:** Temporary rule.

summary: The Coast Guard is establishing a temporary safety zone on the Lower Mississippi River between mile 840.0 and mile 835.0. The zone is needed to restrict vessel traffic in the regulated area to provide a safe work area for emergency responders and salvage personnel. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port.

EFFECTIVE DATES: This regulation is effective from 11 p.m. on July 23, 1995 and terminates at 11:55 p.m. on December 31, 1995.

FOR FURTHER INFORMATION CONTACT: LTJG Roberts, Assistant Chief Operations Officer, Captain of the Port, 200 Jefferson Avenue, Suite 1301, Memphis, TN 38103, Phone: (901) 544– 3941.

SUPPLEMENTARY INFORMATION:

Background and Purpose

On July 23, 1995 the Coast Guard was notified that a towing vessel with 35 barges allided with the I-155 bridge at Lower Mississippi River mile 838.9. After further investigation by Marine Safety Office Memphis personnel, it was recommended that a safety zone be issued in order to prevent additional damage that could be caused by a tow striking a submerged barge and to aid in the safe location and salvage of the barges. The barges are believed to be located in the channel and pose a substantial threat to navigation. The safety zone will be limited to Lower Mississippi River mile 840.0 to mile 835.0.

In accordance with 5 U.S.C. 553, a notice of proposed rulemaking was not published for this regulation and good cause exists for making it effective in less than 30 days after Federal Register publication. Publication of a notice of proposed rulemaking and delay of effective date would be contrary to the public interest because immediate action is necessary. Specifically, emergency response crews and salvage personnel require the area to be secured in order to aid in the location and salvage of the sunken barges. As a result, the Coast Guard deems it to be in the public's best interest to issue a regulation immediately.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has not been reviewed by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary.

Collection of Information

This rule contains no information collection requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this rule under the principles and criteria contained in Executive Order 12612 and has determined that this rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environment

The Coast Guard considered the environmental impact of this rule and concluded that, under paragraph 2.B.2 of Commandant Instruction M16475.1B, this rule is categorically excluded from further environmental documentation.
