on June 1, 1995.² No comment letters were received. For the reasons discussed below, the Commission is approving the proposed rule change.

I. Description

In a previous filing with the Commission, DTC described several enhancements to the ID System that it planned to implement, including the Advice of Confirm Correction/Cancellation feature and the modification of Authorization/Exception processing.³ These are the subject of this approval order.

The Advice of Confirm Correction/ Cancellation feature is one of three electronic mail features described in the Enhanced ID filing.⁴ The Advice of Confirm Correction/Cancellation feature enables an institution or its agent which has received a confirmation through the ID system to notify the broker-dealer of the reason(s) why the institution disagrees with the confirmation. This communication from the institution, which is sometimes called a "DK" (i.e., don't know) of the trade, enables the broker-dealer to take steps to resolve the discrepancy between its records of the trade and the institution's records. The Advice of Confirm Correction/ Cancellation also was described in another DTC filing as a feature which will enable a prime broker to DK a trade when it receives an ID confirmation from an executing broker.5

The proposal also modifies Authorization/Exception processing by increasing the number of trades which can be processed and by extending the period during which the process can be

More recently, DTC filed a proposed rule change modifying features of the prime broker option in the ID system. For a complete description of that filing, refer to Securities Exchange Act Release No. 35971 (July 14, 1995), 60 FR 37696 [File No. SR–DTC–95–11] (notice of filing and immediate effectiveness of proposed rule change relating to modifications to the prime broker option in the Institutional Delivery System).

used.⁶ Prior to the modification, only ID trades which were schedules to settle on the third day following the trade date ("T+3") or later could be authorized or excepted from settlement through an instruction submitted or excepted from settlement through an instruction submitted on settlement date minus one ("S-1"). The modification allows authorization or exception of trades settling on T+1 and later through an instruction submitted on any of the twenty-three business days from S-1 through S+21.

II. Discussion

Sections 17A(b)(3)(A) and (F) of the Act 7 require that a clearing agency be organized and its rules be designed to facilitate and promote the prompt and accurate clearance and settlement of securities transactions. The Commission believes that DTC's proposal is consistent with Section 17A of the Act 8 because the proposal should promote efficiencies in the clearance and settlement of securities transactions by increasing the number of trades eligible and by expanding the timeframe for Authorization/Exception processing. The proposal also should promote efficiencies by improving communications among the parties to institutional trades by making the Advice of Confirm Correction/ Cancellation feature more interactive and automated. These changes should help DTC participants settle trades in a three-day settlement cycle.9

III. Conclusion

The Commission finds that DTC's proposal is consistent with the requirements of the Act and particularly with Section 17A and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR–DTC–95–10) be, and hereby is approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority, 10

Margaret H. McFarland,

Deputy Secretary.

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by the Philadelphia Stock Exchange, Inc., to List and Trade 3D Foreign Currency Options on the Japanese Yen

August 4, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),1 and Rule 19b–4 thereunder,2 notice is hereby given that on June 14, 1995, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange subsequently filed Amendment No. 1 to the proposed rule change on July 7, 1995.3 The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade cash settled foreign currency options on the Japanese Yen. The text of the proposed rule change is available at the Office of the Secretary, the Exchange, and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections (A), (B), and (C) below, of the most significant aspects of such statements.
