decision in accordance with the instructions provided in this Notice.

SUPPLEMENTARY INFORMATION: In accordance with section 102 of the National Environmental Policy Act of 1969 (NEPA), a Final Environmental Impact Statement (FEIS) for Oil and Gas Leasing within the North Slope Area of the Wasatch-Cache and Ashley National Forests has been prepared by the U.S. Forest Service (USFS) and the Bureau of Land Management. National and local agreements between the two agencies identified the USFS as lead agency for preparing the analysis with BLM participating as a cooperating agency as described in 40 CFR 1501.6.

The FEIS addresses the potential impacts of leasing on lands within the Wasatch-Cache and adjacent Ashley National Forests determined to have high potential for the occurrence of oil and gas and identifies which areas are available for leasing and any stipulations that will be attached to leases. The two Forest Plans have been amended to be consistent with the decisions reached in this FEIS.

The Mineral Leasing Act of 1920, as amended, provides the Secretary of the Interior the authority to issue oil and gas leases on lands where oil and gas rights are held by the Federal Government. This authority has been delegated to the BLM. The Federal Onshore Oil and Gas Leasing Reform Act of 1987 requires the BLM to obtain the consent of the Secretary of Agriculture before issuing leases on National Forest System Lands. Authority to consent has been delegated to Forest Supervisors. The North Slope Leasing FEIS identifies those lands that will be made available to BLM for leasing and site specific stipulations that will be attached to leases

In accordance with 40 CFR 1506.3(c), BLM is adopting the FEIS for the purpose of issuing oil and gas leases within the North Slope area of the Wasatch-Cache and Ashley National Forests. BLM actively participated in the preparation of the Draft and Final EISs and independently reviewed each document. Department of the Interior as well as Public comments and concerns have been satisfactorily addressed in the FEIS. The FEIS complies with NEPA and meets the requirements of the regulations for implementing the Federal Land Policy and Management Act of 1976 (43 CFR part 1600). BLM's preferred alternative is Alternative P as described in the FEIS which is also the preferred alternative of the USFS.

Copies of the FEIS are available from the Wasatch-Cache National Forest, 8230 Federal Building, 125 South State Street, Salt Lake City, Utah 84138, and

This decision may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations in 43 CFR part 4. The Appellant has the burden of showing the decision appealed from is in error. If you wish to file a petition for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for stay must accompany your notice of appeal.
