Program Announcement and Proposed Minimum Percentages for "High Rate" and "Significant Increase in the Rate" for Implementation of the General Statutory Funding Preference for Grants for Residency Training in Preventive Medicine for Fiscal Year 1995

The Health Resources and Services Administration (HRSA) announces that applications will be accepted for fiscal year (FY) 1995 Grants for Residency Training in Preventive Medicine under the authority of section 763, title VII of the Public Health Service Act, as amended by the Health Professions Education Extension Amendments of 1992, Pub. L. 102–408, dated October 13, 1992. Comments are invited on the proposed minimum percentages for "high rate" and "significant increase in the rate" for implementation of the general statutory funding preference.

Approximately \$1,700,000 will be available in FY 1995 for this program. It is anticipated that the \$1,700,000 will be available to support approximately 12 competing awards averaging \$135,000.

Purpose

Section 763 of the Public Health Service Act authorizes the Secretary to make grants to meet the costs of projects—

- (1) to plan and develop new residency training programs and to maintain or improve existing residency training programs in preventive medicine and dental public health; and
- (2) to provide financial assistance to residency trainees enrolled in such programs.

This program announcement is limited to residency training programs in preventive medicine.

The period of Federal support will not exceed 3 years.

Eligibility

To be eligible for a Grant for Residency Training in Preventive Medicine, the applicant must be an accredited public or private nonprofit school of allopathic or osteopathic medicine or a school of public health located in a State. Also, an applicant must demonstrate that it has, or will have by the end of 1 year of grant support, full-time faculty with training and experience in the fields of preventive medicine and support from other faculty members trained in public health and other relevant specialties and disciplines. To receive support, programs must meet the requirements of regulations as set forth in 42 CFR part 57, subpart EE.

Project Requirements

A project supported by this grant program must be conducted in accordance with the following requirements:

- (a) Each project must have a project director who works at the grantee institution on an appointment consistent with other major departments, heads or will head the unit, and has relevant training and experience in preventive medicine.
- (b) Each project must have an appropriate administrative and organizational plan and appropriate

- staff and facility resources for the achievement of stated objectives.
- (c) Each project must systematically evaluate the educational program, including the performance and competence of trainees and faculty, the administration of the program, and the degree to which program and educational objectives are met.
- (d) All field experiences must be supervised by a qualified faculty member.
- (e) All applicants must either demonstrate an increase in minority and disadvantaged residents or show evidence of efforts to recruit minority and disadvantaged residents.

National Health Objectives for the Year 2000

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a PHS led national activity for setting priority areas. This program is related to the priority area of Health Promotion and Preventive Services. Potential applicants may obtain a copy of *Healthy* People 2000 (Full Report; Stock No. 017-001-00474-0) or *Healthy People* 2000 (Summary Report; Stock No. 017-001-00473-1) through the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402-9325 (Telephone 202-783-3238).

Education and Service Linkage

As part of its long-range planning, HRSA will be targeting its efforts to strengthening linkages between U.S. Public Health Service education programs and programs which provide comprehensive primary care services to the underserved.

Smoke-Free Workplace

The Public Health Service strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Review Criteria

The review of applications will take into consideration the following criteria:

- 1. The potential effectiveness of the proposed project in carrying out the training purposes of section 763 of the PHS Act.
- 2. The extent of responsiveness to the project requirements.
- 3. The administrative and management capability of the applicant
