1995, 1996, 1997, and 1998. Under section 5116(i), amounts in the registration fee account are available without further appropriation. In addition, section 5127(b) was amended to authorize appropriations of \$1,000,000 for each of fiscal years 1995, 1996, 1997, and 1998; however, Congress did not appropriate any of the authorized \$1,000,000 for fiscal year 1995.

Approximately \$250,000 is projected to be available in fiscal year 1995. Awards will be made for a 12-month budget period within a project period not to exceed four years. Continuation awards within the project period will be made on the basis of satisfactory progress toward achieving grant activities, and the availability of Federal funds.

### **Eligible Applicants**

By law, grants are intended for "national nonprofit employee organizations engaged solely in fighting fires for the purpose of training instructors to conduct hazardous materials response training programs for individuals with statutory responsibility to respond to hazardous materials accidents and incidents." 49 U.S.C. 5116(j)(1). RSPA interprets the first part of the quoted phrase to mean nonprofit organizations with employee members who fight fires.

### **Objectives of the Grant Program**

RSPA expects that, by training additional instructors, course deliveries to hazardous materials emergency responders will increase. Because many responders cannot leave their immediate locations for extended periods of time, due to budget and other limitations, the only way to deliver training to them is to train sufficient instructors for required course deliveries at convenient locations.

As provided by statute, funds awarded to an organization under this grant program may only be used to train instructors to conduct hazardous materials response training programs, to purchase training equipment used exclusively to train instructors to conduct those training programs, and to disseminate information and materials necessary for the conduct of training programs. RSPA will make a grant to an organization under this program only if the organization enters into an agreement with RSPA to train instructors, on a nondiscriminatory basis, to conduct hazardous materials response training programs using a course or courses developed or identified as qualified under the curriculum guidelines prepared by

RSPA and its interagency partners, or other courses that RSPA determines are consistent with the objectives of the curriculum guidelines. Ultimate course selection and delivery to responders is the responsibility of State and Indian tribe grantees under the Hazardous Materials Emergency Preparedness Grant Program.

### **Grant and Selection Criteria**

Grants will be awarded on a competitive basis. RSPA intends to evaluate applications based on the criteria set forth below. Applications shall include, at a minimum:

(1) How applicants intend to accomplish training for instructors of individuals with statutory responsibility to respond to accidents and incidents involving hazardous materials.

(2) The regions or locations in which fire departments or other organizations providing emergency response to hazardous materials transportation accidents and incidents are in need of hazardous materials training and the method used to identify those needs.

(3) Prioritized training needs, and a description of the means for identifying additional specific training needs.

(4) A statement of work for the upcoming budget period that describes and sets priorities for the activities and tasks to be conducted, the costs associated with each activity, the number and types of deliverables and products to be completed, and a schedule for implementation.

In addition, since RSPA expects that the amount of funds requested by all applicants may exceed a total of \$250,000, applicants should provide a prioritized listing of specific program tasks to be performed and the cost of each task.

Applications will be rated on the ability to achieve the above-stated requirements. RSPA encourages the addition of non-Federal funds to support the project, but does not require cost sharing. Program funding is dependent on collection of registration fees and may be less than the authorized amount. Applications must be received not later than May 15, 1995. An application kit will be available from RSPA on April 1, 1995.

Issued in Washington, DC, on January 19, 1995.
