Taking and Importing of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability; request for comments.

SUMMARY: NMFS announces the availability of, and requests comments on the draft Marine Mammal Incidental Take Reporting Form in accordance with the Marine Mammal Protection Act (MMPA).

DATES: Comments on the draft reporting form must be received by October 30, 1995.

ADDRESSES: Comments must be mailed to: Chief, Marine Mammal Division, Office of Protected Resources (F/PR), NMFS, 1335 East-West Hwy., Silver Spring, MD 20910, (fax 301–713–0376).

FOR FURTHER INFORMATION CONTACT: Wanda L. Cain, phone 301–713–2055, or fax 301–713–0376.

SUPPLEMENTARY INFORMATION: On August 30, 1995 (60 FR 45086), NMFS published a final rule implementing the new management regime for the taking of marine mammals incidental to commercial fishing operations

established by section 118 of the MMPA. That regulation requires commercial fishers to report to NMFS the incidental mortality and injury of marine mammals in the course of commercial fishing within 48 hours of the end of each fishing trip, or, for nonvessel fisheries, within 48 hours of an occurrence of an incidental mortality or injury. The preamble to that rule also stated that NMFS would publish a draft of the reporting form for public comment.

Section 118(e) of the MMPA requires that the owner or operator of a commercial fishing vessel report all incidental mortality and injury of marine mammals in the course of commercial fishing operations to NMFS by mail or other means acceptable to NMFS within 48 hours after the end of each fishing trip on a standard postagepaid form. The form must be capable of being readily entered into and usable by an automated or computerized data processing system. The information required to be provided by vessel owners or operators is: (1) The vessel name, and Federal, state, or tribal registration numbers of the registered vessel; (2) the name and address of the vessel owner or operator; (3) the name and description of the fishery; and, (4) the species of each marine mammal incidentally killed or injured, and the date, time, and approximate geographic location of such occurrence.

NMFS has developed a two-sided reporting form to allow fishers to provide the information required by the MMPA. The form is designed to be folded when completed, sealed to preserve confidentiality, and mailed, postage paid, to NMFS (Figs. A & B). This form contains collection-of-information requirements subject to the provisions of the Paperwork Reduction Act. This collection has been approved by OMB under OMB control number 0648–0292.

Authority: 16 U.S.C. 1361 *et seq.*, unless otherwise noted.

Dated: September 21, 1995.

Patricia Montanio,

Acting Deputy Director, Office of Protected Resources, National Marine Fisheries Service.
