# SUPPLEMENTARY INFORMATION:

#### I. Background

The Paperwork Reduction Act of 1980 (PRA 1980), Public Law 90-620, Title 44 U.S.C. Chapter 35, requires Federal agencies to minimize burden and costs associated with information collection. The Director of the Office of Management and Budget (OMB) promulgated regulations to implement the provisions of PRA 1980 at 5 CFR Part 1320. The OMB regulations include a requirement that Federal agencies obtain OMB approval of collection of information requirements that are contained in any regulations published by the agencies in the Federal Register. After approval of the information collection by OMB, Federal agencies are further required to publish the control number assigned by OMB as part of the agency's regulations. To comply with the OMB requirement and as a means of notifying the public that our information collection requirements have been approved, we have established a general regulation under 42 CFR 400.310 to display the valid OMB control numbers and the applicable regulation sections. We routinely update § 400.310 to add sections that have been approved by OMB, delete sections that are no longer in effect, or redesignate approved sections.

# II. Provisions of the Rule

We are revising § 400.310, which sets forth our display of valid OMB control numbers for 42 CFR.

#### Additions

We have identified below the sections we are adding to § 400.310 because they have been approved by OMB.
