

Species	Common name	Appendix	First listing date (month/day/year)
<i>D. traskiae</i>	Santa Barbara Island dudleya	I	7/29/83
Family cupressaceae:	Cypress family:		
<i>Fitz-Roya cupressoides</i>	<i>Fitzroya, Alerce</i>	I	7/1/75
<i>Pilgerodendron uviferum</i>	<i>Pilgerodendroni</i>	I	7/1/75
Family Cyatheaceae:	Tree-fern family:		
All species in the family except those with earlier date.	II	2/4/77
<i>Cyathea (=Hemitelia) capensis</i>	II	7/1/75
<i>C. dredgei</i>	II	7/1/75
<i>C. mexicana</i>	II	7/1/75
<i>C. (=Alsophila) salvinii</i>	II	7/1/75
Family Cycadaceae:	Cycas family:		
All species in the family except species in App. I	II	2/4/77
<i>Cycas beddomei</i>	<i>Beddome cycad</i>	I	2/4/77
Family Diapensiaceae:	Diapensia family:		
<i>Shortia galacifolia</i>	<i>Ocnee bells</i>	II	7/29/83
Family Dicksoniaceae:	Tree-fern family:		
All species in the family	II	2/4/77
Family Didiereaceae:	Alluaudia family:		
All species in the family	II	2/4/77
Family Dioscoreaceae:	Yam family:		
<i>Dioscorea deltoidea</i>	<i>Kniss, Kurta</i>	II	7/1/75
Family Droseraceae:	Sundew family:		
<i>Dionaea muscipula</i>	<i>Venus flytrap</i>	II	6/11/92
Family Ericaceae:	Health family:		
<i>Kalmia cuneata</i>	<i>White wicky</i>	II	7/29/83
Family euphorbiaceae:	Spurge family:		
<i>Euphorbia</i> spp. (excluding non-succulent species) (all species except those in App. I).	<i>Euphorbias</i>	II	7/1/75
<i>E. subgenus Lacanthis</i> dwarf species in Madagascar and their natural hybrids as given below:	Malagasy dwarf euphorbias as shown:		
<i>e. ambovombensis</i> (and its natural hybrids)	I	7/1/75
+ <i>E. cremersii</i>	I	7/1/75
<i>E. cylindrifolia</i> (including subsp. <i>tuberifera</i>) (and its natural hybrids).	I	7/1/75
<i>E. decaryi</i> (including var. <i>capsaintemariensis</i> , <i>E. capsaintemariensis</i>) (and its natural hybrids).	I	7/1/75
<i>E. francoisii</i> (and its natural hybrids)	I	7/1/75
<i>E. moratii</i> (and its natural hybrids)	I	7/1/75
<i>E. parvicyathophora</i> (and its natural hybrids)	I	7/1/95
<i>E. quartziticola</i> (and its natural hybrids)	I	7/1/95
<i>E. tulearensis</i> (= <i>E. capsaintemariensis</i> var. <i>tulearensis</i>) (and its natural hybrids).	I	7/1/95
Family Fouquieriaceae:	Ocotillo family:		
<i>Fouquieria columnaris</i>	<i>Boojum tree</i>	II	7/29/83
<i>F. fasciculata</i>	<i>Arbol del barril</i>	I	7/29/83
<i>F. purpusii</i>	I	7/29/83
Family Gnetaceae:	Gnetum family:		
<i>Gnetum montanum</i>	III (Nepal)	11/16/75
Family Juglandaceae:	Walnut family:		
<i>Oreomunnea (=Engelhardia) pterocarpa</i>	<i>Gavilan</i>	II	7/1/75
Family Leguminosae (=Fabaceae):	Pea family:		
<i>Dalbergia nigra</i>	<i>Brazilian rosewood</i>	I	6/11/92
<i>Pericopsis elata</i> (including saw-logs, sawn wood, and veneers, but no other parts or derivatives, i.e., products).	<i>Afromosia</i>	II	6/11/92
<i>Platymiscium pleiostachyum</i>	<i>Cristobal, Granadillo</i>	II	7/1/75
+ <i>Pterocarpus santalinus</i> (only logs, wood-chips, and unprocessed broken material).	<i>Red sandalwood, Redsanders</i>	II	2/16/95
Family Liliaceae:	Lily family:		
<i>Aloe</i> spp. (all except those in App. I, and excluding <i>A. vera</i> (= <i>barbadensis</i>) except <i>A. vera</i> var. <i>chinensis</i>).	<i>Aloes</i>	II	7/1/75
<i>A. albida</i>	I	7/1/75
+A. <i>albiflora</i>	I	7/1/75
+A. <i>alfredii</i>	I	7/1/75
+A. <i>bakeri</i>	I	7/1/75
+A. <i>bellatula</i>	I	7/1/75
+A. <i>calcairophila</i>	I	7/1/75
+A. <i>compressa</i> (incl. var. <i>rugosquamosa</i> , var. <i>schistophila</i>).	I	7/1/75
+A. <i>delphinensis</i>	I	7/1/75
+A. <i>descoingsii</i>	I	7/1/75
+A. <i>fragilis</i>	I	7/1/75
