Section 4(b)(1) of the ESA restricts the information that may be considered when assessing species for listing. Based on this limitation and the opinion in *Pacific Legal Foundation v.* Andrus, 657 F.2d 829 (6th Cir. 1981), listing actions under the ESA are excluded from the normal requirements of the National Environmental Policy Act.

As noted in the Conference report on the 1982 amendments to the ESA (H.R. Conf. Rep. No. 835, 97th Cong., 2d Sess 20. (1982)), economic considerations have no relevance to determinations regarding the status of species. Therefore, the economic analysis requirements of Executive Order 12866, the Regulatory Flexibility Act, and the Paperwork Reduction Act are not applicable to the listing process.
