(v) Office waiting times in nonemergency circumstances shall not exceed 30 minutes, except when emergency care is being provided to patients, and the normal schedule is disrupted.

(6) Special reimbursement methods for network providers. The Director, OCHAMPUS, may establish, for preferred provider networks, reimbursement rates and methods different from those established pursuant to § 199.14. Such provisions may be expressed in terms of percentage discounts off CHAMPUS allowable amounts, or in other terms. In circumstances in which payments are based on hospital-specific rates (or other rates specific to particular institutional providers), special reimbursement methods may permit payments based on discounts off national or regional prevailing payment levels, even if higher than particular institutionspecific payment rates.

(7) Methods for establishing preferred provider networks. There are several methods under which the MTF Commander (or other authorized official) may establish a preferred provider network. These include the

following:

(i) There may be an acquisition under the Federal Acquisition Regulation, either conducted locally for that catchment area, in a larger area in concert with other MTF Commanders, regionally as part of a CHAMPUS acquisition, or on some other basis.

(ii) To the extent allowed by law, there may be a modification by the Director, OCHAMPUS, of an existing CHAMPUS fiscal intermediary contract to add TRICARE program functions to the existing responsibilities of the fiscal intermediary contractor.

(iii) The MTF Commander (or other authorized official) may follow the "any qualified provider" method set forth in paragraph (q) of this section.

(iv) Any other method authorized by

law may be used.

(q) Preferred provider network establishment under any qualified provider method. The any qualified provider method may be used to establish a civilian preferred provider network. Under this method, any CHAMPUS-authorized provider within the geographical area involved that meets the qualification standards established by the MTF Commander (or other authorized official) may become a part of the preferred provider network. Such standards must be publicly announced and uniformly applied. Also under this method, any provider who meets all applicable qualification standards may not be excluded from the preferred provider network. Qualifications include:

(1) The provider must meet all applicable requirements in paragraph (p)(4) of this section.

(2) The provider must agree to follow all quality assurance and utilization management procedures established pursuant to this section.

(3) The provider must be a Participating Provider under CHAMPUS for all claims.

(4) The provider must meet all other qualification requirements, and agree to

all other rules and procedures, that are established, publicly announced, and uniformly applied by the commander

(or other authorized official).

(5) The provider must sign a preferred provider network agreement covering all applicable requirements. Such agreements will be for a duration of one year, are renewable, and may be canceled by the provider or the MTF Commander (or other authorized official) upon appropriate notice to the other party. The Director, OCHAMPUS shall establish an agreement model or other guidelines to promote uniformity in the agreements.

(r) General fraud, abuse, and conflict of interest requirements under TRICARE program. All fraud, abuse, and conflict of interest requirements for the basic CHAMPUS program, as set forth in this part 199 (see especially applicable provisions of § 199.9) are applicable to the TRICARE program. Some methods and procedures for implementing and enforcing these requirements may differ from the methods and procedures followed under the basic CHAMPUS program in areas in which the TRICARE program has not been implemented.

(s) Partial implementation. The Assistant Secretary of Defense (Health Affairs) may authorize the partial implementation of the TRICARE program. The following are examples of

partial implementation:

(1) The TRICARE Extra Plan and the TRICARE Standard Plan may be offered without the TRICARE Prime Plan.

(2) In remote sites, where complete implementation of TRICARE is impracticable, TRICARE Prime may be offered to a limited group of beneficiaries. In such cases, normal requirements of TRICARE Prime which the Assistant Secretary of Defense (Health Affairs) determines are impracticable may be waived.

(3) The TRICARE program may be limited to particular services, such as mental health services.

(t) Inclusion of Department of Veterans Affairs Medical Centers in TRICARE networks. TRICARE preferred provider networks may include Department of Veterans Affairs health facilities pursuant to arrangements, made with the approval of the Assistant Secretary of Defense (Health Affairs), between those centers and the Director, OCHAMPUS, or designated TRICARE contractor.

(u) Care provided outside the United States to dependents of active duty members. The Assistant Secretary of Defense (Health Affairs) may, in conjunction with implementation of the TRICARE program, authorize a special CHAMPUS program for dependents of active duty members who accompany the members in their assignments in foreign countries. Under this special program, a preferred provider network will be established through contracts or agreements with selected health care providers. Under the network, CHAMPUS covered services will be provided to the covered dependents with all CHAMPUS requirements for deductibles and copayments waived. The use of this authority by the Assistant Secretary of Defense (Health Affairs) for any particular geographical area will be announced in the Federal Register. The announcement will include a description of the preferred provider network program and other pertinent information.

(v) Administrative procedures. The Assistant Secretary of Defense (Health Affairs), the Director, OCHAMPUS, and MTF Commanders (or other authorized officials) are authorized to establish administrative requirements and procedures, consistent with this section, this part, and other applicable DoD Directives or Instructions, for the implementation and operation of the TRICARE program.

§199.18 Uniform HMO Benefit.

(a) In general.

There is established a Uniform HMO Benefit. The purpose of the Uniform HMO benefit is to establish a health benefit option modeled on health maintenance organization plans. This benefit is intended to be uniform wherever offered throughout the United States and to be included in all managed care programs under the MHSS. Most care purchased from civilian health care providers (outside an MTF) will be under the rules of the Uniform HMO Benefit or the Basic CHAMPUS Program (see § 199.4). The Uniform HMO Benefit shall apply only as specified in this section or other sections of this part, and shall be subject to any special applications indicated in such other sections.

(b) Services covered under the uniform HMO benefit option.
