In accordance with §§ 353.22(a) and 355.22(a) of the regulations, an interested party as defined by § 353.2(k) may request in writing that the Secretary conduct an administrative review. The Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to 19 CFR 355.22(a) of the Department's Interim Regulations (60 FR 25137 (May 11, 1995)), an interested party must specify the individual producers or exporters covered by the order for which they are requesting a review. Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin, and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-byorder basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room B–099, U.S. Department of Commerce, Washington, D.C. 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping Compliance, Attention: Pamela Woods, in room 3065 of the main Commerce Building. Further, in accordance with section 353.31(g) or 355.31(g) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the Federal Register a notice of "Initiation

of Antidumping (Countervailing) Duty Administrative Review," for requests received by October 31, 1995. If the Department does not receive, by October 31, 1995, a request for review of entries covered by an order or finding listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

Dated: September 28, 1995.
Joseph A. Spetrini,
Deputy Assistant Secretary for Compliance.

SUPPLEMENTARY INFORMATION:

Case History

On May 4, 1995, the Department published in the Federal Register the preliminary results of its 1992–93 administrative review of the antidumping duty order on certain

forged steel crankshafts (crankshafts) from the United Kingdom (60 FR 22045). The review covers one manufacturer/exporter. The review period is September 1, 1992, through August 31, 1993. On June 5, and 12, 1995, both parties submitted their case and rebuttal briefs, respectively. There was no request for a hearing. On July 26, 1995, the Department requested comments from both parties regarding the issue of the 20 percent weight criterion it intended to use in making its product comparisons. On August 9, 1995, both parties submitted their comments. On August 22, 1995, both parties submitted rebuttal comments. The Department has now conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Tariff Act). The final margin for United Engineering & Forging (UEF) is listed below in the section "Final Results of Review."

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Statute and to the Department's regulations are in reference to the provisions as they existed on December 31, 1994.

Scope of the Review

The products covered in this review are certain forged steel crankshafts. The term "crankshafts," as used in this review, includes forged carbon or alloy steel crankshafts with a shipping weight between 40 and 750 pounds, whether machined or unmachined. The products are currently classifiable under items 8483.10.10.10, 8483.10.10.30, 8483.10.30.10, and 8483.10.30.50 of the Harmonized Tariff Schedule of the United States (HTSUS). Neither cast crankshafts nor forged crankshafts with shipping weights of less than 40 pounds or more than 750 pounds are subject to this review. Although the HTSUS subheadings are provided for convenience and Customs purposes, our
