[Release No. 34–36292; File No. SR-NASD-95-43]

Self-Regulatory Organizations; Notice and Order Granting Accelerated Approval of Proposed Rule Change by the National Association of Securities Dealers, Inc. Relating to an Interim Extension of the OTC Bulletin Board® Service Through June 30, 1996

September 28, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"), 15 U.S.C. 78s(b)(1), notice is hereby given that on September 28, 1995 the National Association of Securities Dealers, Inc. ("NASD" or "Association") filed with the Securities and Exchange Commission ("Commission" or "SEC") the proposed rule change as described in Items 1, and II, below, which Items have been prepared by the NASD. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons and is simultaneously approving the proposal.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

On June 1, 1990, the NASD, through a subsidiary corporation, initiated operation of the OTC Bulletin Board Service ("OTCBB Service" or "Service") in accord with the Commission approval of File No. SR-NASD-88-19, as amended.1 The OTCBB Service provides a real-time quotation medium that NASD member firms can elect to use to enter, update, and retrieve quotation information (including unpriced indications of interest) for securities traded over-the-counter that are not listed on The Nasdaq Stock Market SM nor on a registered national securities exchange (collectively referred to as "OTC Equities").2 Essentially, the Service supports NASD members' market making in OTC Equities through authorized Nasdaq Workstation® units. Real-time access to quotation information captured in the Service is available to subscribers of

Level 2/3 Nasdaq service as well as subscribers of vendor-sponsored services that now carry OTCBB Service data. The Service is currently operating under an interim approval that expires on September 28, 1995.³

The NASD hereby files this proposed rule change, pursuant to Section 19(b)(1) of the Act and Rule 19b–4 thereunder, to obtain authorization for an interim extension of the Service through June 30, 1996. During this interval, there will be no material change in the OTCBB Service's operational features, absent Commission approval of a corresponding Rule 19b–4 filing.

II. Self-Regulatory Organizations' Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the NASD included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NASD has prepared summaries, set forth in Sections (A), (B), and (C) below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of this filing is to ensure continuity in the operation of the OTCBB Service while the Commission considers an earlier NASD rule filing (File No. SR–NASD–92–7) that requested permanent approval of the Service. For the month ending August, 1995, the Service reflected the market making positions of 382 NASD member firms displaying quotations/indications of interest in approximately 5,344 OTC Equities.

During the proposed extension, unregistered foreign securities and American Depository Receipts (collectively, "Foreign Equity Securities") will remain subject to the twice-daily, update limitation that traces back to the Commission's original approval of the OTCBB Service's operation. As a result, all priced bids/offers displayed in the Service for unregistered Foreign Equity Securities will remain indicative. During the period of the extension, the NASD may

allow member firms to publish such priced bids/offers on any Foreign Equity Security that otherwise qualifies for inclusion in the OTCBB service.

In conjunction with the launch of the Service in 1990, the NASD implemented a filing requirement (under Section 4 of Schedule H to the NASD By-Laws) and review procedures to verify member firms' compliance with Rule 15c2-11 under the Act. During the proposed extension, this review process will continue to be an important component of the NASD's self-regulatory oversight of broker-dealers' market making in OTC Equities. The NASD also expects to work closely with the Commission staff in developing further enhancements to the Service to fulfill the market structure requirements mandated by the Securities Enforcement Remedies and Penny Stock Reform Act of 1990 ("Reform Act"), particularly Section 17B of the Act. 5 The NASD notes that implementation of the Reform Act entails Commission rulemaking in several areas, including the development of mechanisms for gathering and disseminating reliable quotation/transaction information for 'penny stocks''.

The NASD believes that this proposed rule change is consistent with Sections 11A(a)(1), 15A(b)(6) and (11), and 17B of the Act. Section 11A(a)(1) sets forth the Congressional findings and policy goals respecting operational enhancements to the securities markets. Basically, the Congress found that new data processing and communications techniques should be applied to improve the efficiency of market operations, broaden the distribution of market information, and foster competition among market participants. Section 15A(b)(6) requires, among other things, that the NASD's rules promote just and equitable principles of trade, facilitate securities transactions, and protect public investors. Subsection (11) thereunder authorizes the NASD to adopt rules governing the form and content of quotations for securities traded over-the-counter for the purposes of producing fair and informative quotations, preventing misleading

⁵ On November 24, 1992, the NASD filed an application with the Commission for interim designation of the Service as an automated quotation system for penny stocks, pursuant to Section 17B(b) of the Act. On December 30, 1992, the Commission granted Qualifying Electronic Quotation System ("QEQS") status for the Service for purposes of certain penny stock rules that became effective on January 1, 1993. On August 26, 1993, the Commission granted the NASD's request for an extension of QEQS status until such time as the OTCBB meets the statutory requirements of Section 17B(b)(2).
