

Based on population and emissions data submitted by the Commonwealth, 120 days after enactment of the 1990 Amendments, with its original March 15, 1991 letter; EPA has determined that the Commonwealth's November 7, 1994, request to revise the boundary of the Charles City County portion of the Richmond nonattainment area meets the criteria for designating an area smaller than an entire county. Furthermore, EPA believes that this request, to exclude a portion of the County, would have been approved had it been submitted prior to the November 6, 1991 rulemaking. Today's action will relieve the attainment portion of Charles City County from meeting the Part D requirements of the CAA.

Final Action

In the Federal Register of November 6, 1991 (56 FR 56694), EPA issued a final rule promulgating the

designations, boundaries, and classifications of ozone nonattainment areas (and for nonattainment areas for other pollutants not addressed in this action). Pursuant to section 110(k)(6), EPA is correcting the boundary of the Richmond nonattainment area to exclude all of Charles City County west of Route 156. The boundaries for the Charles City County portion of the Richmond nonattainment area include the area surrounding the air quality monitor and the urbanized portion of the county that is contiguous with the rest of the Richmond nonattainment area.

In accordance with CAA sections 107(d)(2)(B) and 110(k)(6), today's action is a final rule and is not subject to the notice and comment provisions of sections 553 through 557 of Title 5.

Hazardous Waste Management System; Identification and Listing of Hazardous Waste; Amendment

AGENCY: Environmental Protection Agency.

ACTION: Final rule and correcting amendments.

SUMMARY: The Environmental Protection Agency ("EPA" or "the Agency") is correcting Part 261, Appendix IX, Table 1 by re-adding the final conditional exclusion previously granted to Envirite Corporation (Envirite). EPA inadvertently removed the entire entry of Envirite's exclusion from Appendix IX, while the Agency only intended to amend the second column of the entry by removing the words "Thomaston, Connecticut" (see 59 FR 5725, February 8, 1994). The Agency is also making a

conforming change to Part 261, Appendix IX, Table 2 by removing the words "Thomaston, Connecticut" from the second column of the Envirite's entry.
