PART 503—STANDARDS FOR THE **USE OR DISPOSAL OF SEWAGE**

1. The authority citation for 40 CFR part 503 continues to read as follows:

Authority: Sections 405(d) and (e) of the Clean Water Act, as amended by Pub. L. 95-217, Sec. 54(d), 91 Stat. 1591 (33 U.S.C. 1345 (d) and (e)); and Pub. L. 100-4, Title IV, Sec. 406(a), (b), 101 Stat., 71, 72 (33 U.S.C. 1251 et seq.).

2. Section 503.2 is amended by adding a new paragraph (d) to read as follows:

§ 503.2 Compliance period.

(d) Compliance with the requirements for sewage sludge incineration in subpart E that were revised on [date of publication of the final regulations] shall be achieved as expeditiously as practicable, but in no case later than [90 days from the date of publication of the final regulations]. When new pollution

control facilities must be constructed to comply with the revised requirements for sewage sludge incineration in subpart E, compliance with the revised requirements shall be achieved as expeditiously as practicable but no later than [12 months from date of publication of the final regulations].

3. Section 503.10 is amended by revising paragraphs (b)(1), (c)(1), (d), (e), (f), and (g) to read as follows:

§ 503.10 Applicability.

(b) * * *

(1) Bulk sewage sludge. The general requirements in § 503.12 and the management practices in § 503.14 do not apply when bulk sewage sludge is applied to the land if the bulk sewage sludge meets the ceiling concentrations in Table 1 of § 503.13 and the pollutant concentrations in Table 3 of § 503.13; the Class A pathogen requirements in § 503.32(a); and one of the vector attraction reduction requirements in § 503.33 (b)(1) through (b)(8) or an

equivalent vector attraction reduction requirement, as determined by the permitting authority.

* (c) * * *

(1) The general requirements in § 503.12 and the management practices in § 503.14 do not apply when a bulk material derived from sewage sludge is applied to the land if the derived bulk material meets the ceiling concentrations in Table 1 of § 503.13 and the pollutant concentrations in Table 3 of § 503.13; the Class A pathogen requirements in § 503.32(a); and one of the vector attraction reduction requirements in § 503.33 (b)(1) through (b)(8) or an equivalent vector attraction reduction requirement, as determined by the permitting authority.

(d) The requirements in this subpart do not apply when a bulk material derived from sewage sludge is applied to the land if the sewage sludge from
