BILLING CODE 4910-13-M

FEDERAL TRADE COMMISSION**16 CFR Part 305****Rule Concerning Disclosures Regarding Energy Consumption and Water Use of Certain Home Appliances and Other Products Required Under the Energy Policy and Conservation Act ("Appliance Labeling Rule")**

AGENCY: Federal Trade Commission.

ACTION: Final rule.

SUMMARY: The Federal Trade Commission ("Commission") amends its Appliance Labeling rule by publishing new ranges of comparability to be used on required labels for refrigerators, refrigerator-freezers, and freezers, and by issuing corrections to its ranges of comparability for room air conditioners, which were published on August 21, 1995.¹ The Commission also announces that the ranges of comparability for central air conditioners and heat pumps, which were published on August 5, 1994,² will remain in effect until further notice. Finally, the Commission is amending the portions of Appendices H (Cooling Performance and Cost for Central Air Conditioners) and I (Heating Performance and Cost for Central Air Conditioners) to part 305 that contain cost calculation formulas. These amendments change the figures in the formulas to reflect the current Representative Average Unit Cost of electricity that was published in January by the Department of Energy ("DOE"). **EFFECTIVE DATE:** February 12, 1996. **FOR FURTHER INFORMATION CONTACT:** James Mills, Attorney, Division of Enforcement, Federal Trade Commission, Washington, D.C. 20580 (202-326-3035).

SUPPLEMENTARY INFORMATION:**Background**

Section 324 of the Energy Policy and Conservation Act of 1975 ("EPCA")³ requires the Commission to consider labeling rules for the disclosure of estimated annual energy cost or alternative energy consumption
