FEDERAL RESERVE SYSTEM

12 CFR Parts 207, 220, 221 and 224

Securities Credit Transactions; List of Marginable OTC Stocks; List of Foreign Margin Stocks; Regulations G, T, U and X

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule; determination of applicability of regulations.

SUMMARY: The List of Marginable OTC Stocks (OTC List) is composed of stocks traded over-the-counter (OTC) in the United States that have been determined by the Board of Governors of the Federal Reserve System to be subject to the margin requirements under certain Federal Reserve regulations. The List of Foreign Margin Stocks (Foreign List) is composed of foreign equity securities that have met the Board's eligibility criteria under Regulation T. The OTC

List and the Foreign List are published four times a year by the Board. This document sets forth additions to and deletions from the previous OTC List and deletions from the previous Foreign List.

EFFECTIVE DATE: February 13, 1995.

SUPPLEMENTARY INFORMATION: Listed below are additions to and deletions from the OTC List, which was last published on October 31, 1994 (59 FR 54381), and which became effective November 14, 1994. A copy of the complete OTC List is available from the Federal Reserve Banks.

The OTC List includes those stocks that meet the criteria in Regulations G, T and U (12 CFR Parts 207, 220 and 221, respectively). This determination also

affects the applicability of Regulation X (12 CFR Part 224). These stocks have the degree of national investor interest, the depth and breadth of market, and the availability of information respecting the stock and its issuer to warrant regulation in the same fashion as exchange-traded securities. The OTC List also includes any OTC stock designated for trading in the national market system (NMS security) under a rule approved by the Securities and Exchange Commission (SEC). Additional OTC stocks may be designated as NMS securities in the interim between the Board's quarterly publications. They will become automatically marginable upon the effective date of their NMS designation. The names of these stocks are available at the SEC and at the National Association of Securities Dealers, Inc. and will be incorporated into the Board's next quarterly publication of the OTC List.

Also listed below is one deletion from the Foreign List. There are no new additions to the Board's Foreign List, which was last published October 31, 1994 (59 FR 54381), and which became
