AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the Commonwealth of Massachusetts to fulfill the requirement that the Commonwealth submit either the Clean Fuel Fleet Program or a substitute program that meets the requirements of the Clean Air Act. The Commonwealth has submitted such a substitute measure for the required program. On November 15, 1993, the Commonwealth of Massachusetts formally submitted a revision to their SIP to require the sale of California certified low emitting vehicles in Massachusetts beginning

Further, on May 11, 1994, the Commonwealth formally notified EPA of its decision to substitute Massachusetts' version of the California Low Emission Vehicle (MA LEV) Program for the Clean Fuel Fleet (CFF) Program as provided for in section 182(c)(4)(B) of the Clean Air Act (CAA). In the Final Rules Section of this **Federal Register**, EPA is approving the Commonwealth's SIP revision, as a direct final rule without prior proposal. A detailed rationale for the action is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Comments must be submitted by March 3, 1995.
