Hazardous Waste Management System; Identification and Listing of Hazardous Waste; Proposed Exclusion

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule and request for comment.

SUMMARY: The Environmental Protection Agency (EPA or Agency) is proposing to grant a petition submitted by the U.S. Department of Energy (DOE), Richland, Washington, to exclude certain wastes to be generated by a treatment process at its Hanford facility from being listed hazardous wastes. The Agency has concluded that the disposal of these wastes, after treatment, will not adversely affect human health or the environment. This action responds to a delisting petition submitted under § 260.22, which specifically provides generators the opportunity to petition the Administrator to exclude a waste on a "generator-specific" basis from the hazardous waste lists. This proposed decision is based on an evaluation of the treatment process and waste-specific information provided by the petitioner. If this proposed decision is finalized, the petitioned wastes will be conditionally excluded from the requirements of hazardous waste regulations under the Resource Conservation and Recovery Act (RCRA).

The exclusion will allow DOE to proceed with critical cleanup at the Hanford site. The primary goal of cleanup is to protect human health and the environment by reducing risks from unintended releases of hazardous

wastes that are currently stored at the site.

The Agency is also proposing the use of a fate and transport model to evaluate the potential impact of the petitioned waste on human health and the environment, based on the wastespecific information provided by the petitioner. This model has been used to predict the concentration of hazardous constituents that may be released from the petitioned waste, at the time of disposal, which will not harm human health or the environment.

DATES: EPA is requesting public comments on today's proposed decision, the applicability of the fate and transport model used to evaluate the petitioned wastes, and on the verification testing conditions which will ensure that petitioned wastes are non-hazardous. Comments must be submitted by March 3, 1995. Because of an existing settlement agreement (consent order) on remediation of the Hanford site that requires DOE to have a final delisting in place by June 1995 or before, no extension to the comment period will be granted. Comments postmarked after the close of the comment period will be stamped "late".

Any person may request a hearing on this proposed decision by filing a request with the Director. Characterization and Assessment Division, Office of Solid Waste, whose address appears below, by February 16, 1995. The request must contain the information prescribed in § 260.20(d). ADDRESSES: Send three copies of your comments to EPA. Two copies should be sent to the Docket Clerk, Office of Solid Waste (Mail Code 5305), U.S. Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460. A third copy should be sent to Jim Kent, Waste Identification Branch, CAD/OSW (Mail Code 5304), U.S. Environmental

Protection Agency, 401 M Street, S.W., Washington, D.C. 20460. Identify your comments at the top with this regulatory docket number: "F-95-HNEP-FFFFF".

Requests for a hearing should be addressed to the Director, Characterization and Assessment Division, Office of Solid Waste (Mail Code 5304), U.S. Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460.

The RCRA regulatory docket for this proposed rule is located at the U.S. Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460, and is available for viewing (Room M2616) from 9:00 a.m. to 4:00 p.m., Monday through Friday, excluding Federal holidays. Call (202) 260–9327 for appointments. The public may copy material from any regulatory docket at no cost for the first 100 pages, and at a cost of \$0.15 per page for additional copies.

FOR FURTHER INFORMATION CONTACT: For general information, contact the RCRA Hotline, toll free at (800) 424–9346, or at (703) 412–9810. For technical information concerning this notice, contact Narendra Chaudhari, Office of Solid Waste (Mail Code 5304), U.S. Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460, (202) 260–4787.
