are to be identified with the docket number found in brackets in the heading of this document. Received comments and requests may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday.

List of Subjects in 21 CFR Part 872

Medical devices.

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs, it is proposed that 21 CFR part 872 be amended as follows:

PART 872—DENTAL DEVICES

1. The authority citation for 21 CFR part 872 continues to read as follows:

Authority: Secs. 501, 510, 513, 515, 520, 701 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 351, 360, 360c, 360e, 360j, 371).

2. Section 872.3600 is amended by revising paragraph (c) to read as follows:

§ 872.3600 Partially fabricated denture kit.

(c) Date PMA or notice of completion of a PDP is required. A PMA or a notice of completion of a PDP is required to be filed on or before (date 90 days after the effective date of a final rule based on this proposed rule), for any partially fabricated denture kit that was in commercial distribution before May 28, 1976, or that has on or before (date 90 days after the effective date of a final rule based on this proposed rule), been found to be substantially equivalent to a partially fabricated denture kit that was in commercial distribution before May 28, 1976. Any other partially fabricated denture kit shall have an approved PMA or declared completed PDP in effect before being placed in commercial distribution.

Dated: October 5, 1995.

D.B. Burlington,

Director, Center for Devices and Radiological Health.

50 CFR Part 32

RIN 1018-AD44

Addition of Great Bay National Wildlife Refuge to the List of Open Areas for Hunting in New Hampshire

AGENCY: Fish and Wildlife Service,

Interior.

ACTION: Proposed rule.

SUMMARY: The U.S. Fish and Wildlife Service (Service) proposes to add Great Bay National Wildlife Refuge to the list of areas open for migratory game bird hunting and big game hunting in New Hampshire along with pertinent refugespecific regulations for such activities. The Service has determined that such use will be compatible with the purposes for which the refuge was established. The Service has further determined that this action is in accordance with the provisions of all applicable laws, is consistent with principles of sound wildlife management, and is otherwise in the public interest by providing additional recreational opportunities of a renewable natural resource.

DATES: Comments may be submitted on or before January 29, 1996.

ADDRESSES: Assistant Director—Refuges and Wildlife, U.S. Fish and Wildlife Service, 1849 C Street, NW, MS 670 ARLSQ, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Stephen R. Vehrs, at the address above; Telephone: 703–358–2029 X–5242.

SUPPLEMENTARY INFORMATION: National wildlife refuges are generally closed to hunting and sport fishing until opened by rulemaking. The Secretary of the Interior (Secretary) may open refuge areas to hunting and/or fishing upon a determination that such uses are compatible with the purpose(s) for which the refuge was established. The action must also be in accordance with provisions of all laws applicable to the areas, must be consistent with the principles of sound wildlife management, and must otherwise be in the public interest. This rulemaking proposes to open Great Bay National Wildlife Refuge to migratory game bird (waterfowl) hunting and big game (deer) hunting.

Request for Comments

Department of the Interior policy is, whenever practicable, to afford the public a meaningful opportunity to participate in the rulemaking process. A 60-day comment period is specified in order to facilitate public input. Accordingly, interested persons may submit written comments concerning this proposed rule to the person listed above under the heading ADDRESSES. All substantive comments will be reviewed and considered.

Statutory Authority

The National Wildlife Refuge System Administration Act of 1966, as amended (NWRSAA) (16 U.S.C. 668dd), and the Refuge Recreation Act of 1962 (RRA) (16 U.S.C. 460k) govern the administration

and public use of national wildlife refuges. Specifically, Section 4(d)(1)(A) of the NWRSAA authorizes the Secretary to permit the use of any areas within the National Wildlife Refuge System (Refuge System) for any purpose, including but not limited to hunting, fishing, public recreation and accommodations, and access, when he determines that such uses are compatible with the purposes for which each refuge was established. The Director of the U.S. Fish and Wildlife Service (Director), administers the Refuge System on behalf of the Secretary. The RRA gives the Secretary additional authority to administer refuge areas within the Refuge System for public recreation as an appropriate incidental or secondary use only to the extent that it is practicable and not inconsistent with the primary purposes for which the refuges were established.

Opening Package

In preparation for this opening, the refuge unit has included in its "openings package" for Regional review and approval from the Washington Office the following documents: a management plan for recreational hunting; an environmental assessment; a Finding of No Significant Impact (FONSI); a Section 7 statement, pursuant to the Endangered Species Act, that this opening will not affect a listed species or its critical habitat; and refugespecific regulations to administer the hunting program. From a review of the totality of these documents, The Service has determined that the opening of the Great Bay National Wildlife Refuge to hunting is compatible with the principles of sound wildlife management and will otherwise be in the public interest.

In accordance with the NWRSAA and the RRA, the Service has also determined that this opening for hunting is compatible and consistent with the primary purposes for which the refuge was established. A brief description of the hunting program is as follows:

Great Bay National Wildlife Refuge

Great Bay National Wildlife Refuge was authorized in December, 1991, when an Act of Congress approved the transfer of 1,000 acres of land at Pease Air Force Base in Newington, New Hampshire to the Fish and Wildlife Service. The refuge was established August 11, 1992, with the signing of the transfer document. The refuge was established for the purposes (1) to encourage the natural diversity of plant, fish and wildlife species within the refuge, and to provide for their
