# Safety Zone Regulations; Bellingham Bay, Bellingham, WA

AGENCY: Coast Guard, DOT.

**ACTION:** Final rule.

summary: The Coast Guard is establishing a permanent safety zone for the annual Fourth of July Blast Over Bellingham Fireworks Display in Bellingham, Washington. This event is held each year on the Fourth of July on the waters of Bellingham Bay. In the past, the Coast Guard has established a temporary safety zone each year to protect the safety of life on the navigable waters during the event. However, because the event recurs annually, the Coast Guard is adopting a permanent rule to better inform the boating public.

EFFECTIVE DATE: January 2, 1996.

ADDRESSES: Documents referred to in this preamble are available for inspection or copying at U.S. Coast Guard Group Seattle, 1519 Alaskan Way South, Building One, Room 130, Seattle, WA 98134. Normal office hours are between 7 a.m. and 4 p.m., Monday through Friday, except federal holidays.

## SUPPLEMENTARY INFORMATION:

Drafting Information: The principal persons involved in drafting this document are LT Susan Workman, Project Manager, U.S. Coast Guard Group Seattle, and LCDR John Odell, Project Counsel, Thirteenth Coast Guard District Legal Office.

## Regulatory History

On April 10, 1995, the Coast Guard published a Notice of Proposed Rulemaking (entitled Safety Zone Regulations, Bellingham Bay, Bellingham, WA) in the Federal Register (60 FR 18063). The Coast Guard received no letters commenting on the proposal. No public hearing was requested, and none was held.

## **Background and Purpose**

The Coast Guard is adopting permanent safety zone regulations for the annual Fourth of July Blast Over Bellingham in Bellingham, Washington. This event is held on the waters of Bellingham Bay each year from 9:30 p.m. to 11 p.m. on July fourth and is sponsored by the Whatcom County Chamber of Commerce. The Coast Guard (by adopting a permanent safety zone through this action) intends to promote the safety of spectators and participants during this event. The fireworks display is conducted from a barge located on the waters of Bellingham Bay, Bellingham, Washington. To promote the safety of both the spectators and participants and to keep spectators away from the fireworks barge during the fireworks display, this rule establishes a safety zone around the fireworks barge and prohibits entry into the area that surrounds the fireworks barge during the event. This safety zone will be enforced by representatives of the Captain of the Port, Puget Sound, Seattle, Washington. The Captain of the Port may be assisted by other federal agencies.

## Regulatory Evaluation

This rule is not a significant action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this regulation to be so minimal that a full regulatory evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. The safety zone established by this regulation would encompass less than a half of one square nautical mile on Bellingham Bay adjacent to Squalicum Harbor. Entry into the safety zone will be restricted for less than three hours on the day of the event. These restrictions will have little effect on maritime commerce in the area.

#### **Small Entities**

The impact on small entities is expected to be minimal. Therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this regulation will not have a significant economic impact on a substantial number of small entities.
