7 CFR Part 1002

[DA-95-23A]

Milk in the New York-New Jersey Marketing Area; Removal of Certain Regulations Under the Order

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This document removes certain provisions in the regulations issued under the New York-New Jersey Federal milk marketing order (Order 2) from publication in the Code of Federal Regulations. Specifically, this action removes the Order 2 subparts that contain the market administrator's Classification and Accounting Rules and Regulations, and the Determination and Public Announcement of Freight Zones. The market administrator will continue to maintain these provisions as separate documents. This action is taken to reduce printing costs and to comply with the President's regulatory reform initiative.

EFFECTIVE DATE: December 4, 1995. **FOR FURTHER INFORMATION CONTACT:** Gino Tosi, Marketing Specialist, USDA/ AMS/Dairy Division, Order Formulation Branch, Room 2971, South Building, P.O. Box 96456, Washington, DC 20090– 6456, (202) 690–1366.

SUPPLEMENTARY INFORMATION: This regulatory action is being taken as part of the National Performance Review program to eliminate unnecessary regulations and improve those that remain in force.

The Department is issuing this rule in conformance with Executive Order 12866.

The Regulatory Flexibility Act (5 U.S.C. 601–612) requires the Agency to examine the impact of a rule on small entities. Pursuant to 5 U.S.C. 605(b), the Administrator of the Agricultural Marketing Service has certified that this rule will not have a significant economic impact on a substantial number of small entities. This rule reduces the cost involved with publishing in the Code of Federal Regulations a publication that is already made publicly available. Furthermore, this action makes no changes to the operation of the order or the provision of the rules and regulations issued thereunder.

This rule has been reviewed under Executive Order 12778, Civil Justice Reform. This rule is not intended to have a retroactive effect. This rule will not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with the rule.

The Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with the Secretary a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with law and request a modification of an order or to be exempted from the order. A handler is afforded the opportunity for a hearing on the petition. After a hearing, the Secretary would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has its principal place of business, has jurisdiction in equity to review the Secretary's ruling on the petition, provided a bill in equity is filed not later than 20 days after the date of the entry of the ruling.

This rule is issued pursuant to the provisions of the Agricultural Marketing Agreement Act and of the order regulating the handling of milk in the New York-New Jersey marketing area. It is hereby found and determined that the following provisions of the regulations issued under the order do not need to be published in the Code of Federal Regulations:

1. Subpart—Classification and Accounting Rules and Regulations (§§ 1002.100 through 1002.260). 2. Subpart—Determination and Public Announcement of Freight Zones (§§ 1002.500 and 1002.501).

Findings and Determinations

This action removes the aforementioned subparts issued by the market administrator of the New York-New Jersey order (Order 2) from publication in annual Code of Federal Regulations.

The market administrator will continue to promulgate and maintain classification and accounting rules and regulations and to determine and publicly announce freight zones pursuant to the provisions of the order and subject to the approval of the Secretary. The market administrator will also continue to publish these documents and make them available upon request from any interested party. Industry representatives may request a copy of these documents from the market administrator at any time.

The publication of the aforementioned subparts for Order 2 is furnished to the industry by the market administrator in the performance of his duties. The provisions of these subparts are issued and administered by the Order 2 market administrator as specified in § 1002.46 and § 1002.52 of the order. Thus, it is not necessary to replicate the administrator's efforts in this regard by publishing these subparts in the Code of Federal Regulations. Furthermore, this removal action is consistent with the President's regulatory reform initiative.

Pursuant to 5 U.S.C. 553, it is hereby found and determined, upon good cause, that it is impracticable, unnecessary and contrary to the public interest to give preliminary notice or to engage in further public procedure prior to putting this rule into effect, and that good cause exists for not postponing the effective date of this action until 30 days after publication in the Federal Register because the removal of these subparts will not affect the operation or administration of the order or the provisions issued thereunder.
