Subsequent to the publication of our initiation notice, we received timely withdrawals of all review requests for ABG-SEMCA (France), BMW (Germany), Fujino Iron Works (Japan) and Normalair-Garrett (U.K.), and for Tsubakimoto Precision Products Co., Ltd. (Japan) with respect to CRBs and SPBs only. Because there were no other requests for review of these companies from any other interested parties, we are terminating the reviews with respect to these companies in accordance with 19 CFR 353.22(a)(5).

In addition, we initiated reviews for Mitsubishi, Mitsui, Phoenix International, Shima Trading and Sumitomo with respect to subject merchandise from Japan. Subsequent to initiation, however, all five firms informed us that although they are resellers of Japanese-made bearings, all of their suppliers had knowledge at the time of sale that the merchandise was destined for the United States. Consequently, these firms are not resellers as defined in 19 CFR 353.2(s) because their sales cannot be used to calculate the U.S. price. Therefore, we are preliminarily terminating the reviews with respect to Mitsubishi, Mitsui, Phoenix International, Shima Trading and Sumitomo.

#### Best Information Available

In accordance with section 776(c) of the Tariff Act, we have preliminarily determined that the use of the best information available (BIA) is appropriate for certain firms. Section 353.37(b) of our regulations provides that we may take into account whether a party refuses to provide information in determining what is the best information available. For purposes of these reviews and in accordance with our practice, we have used the most adverse BIA—generally the highest rate for any company for the class or kind of merchandise from the same country from this or any prior segment of the proceeding, including the less-than-fair-value (LTFV) investigation—whenever a company refused to cooperate with the Department or otherwise significantly impeded the proceeding.
