

analyzed in the EA, including points of view in opposition to, or in support of, the staff's preliminary views.

*Procedures:* The scoping meetings will be recorded by a court reporter and all statements (oral and written) will become a part of the formal record of the Commission's proceedings on the Sahko Hydroelectric Project. Individuals presenting statements at the meetings will be asked to clearly identify themselves for the record.

Individuals, organizations, and agencies with environmental expertise and concerns are encouraged to attend the meetings and assist the staff in defining and clarifying the issues to be addressed in the EA.

Persons choosing not to speak at the meetings, but who have views on the issues or information relevant to the issues, may submit written statements for inclusion in the public record at the meetings. In addition, written scoping comments may be filed with the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426, until February 12, 1996.

All written correspondence should clearly show the following caption on the first page: Sahko Hydroelectric Project, FERC No. 11060-000.

*Intervenors*—those on the Commission's service list for this proceeding (parties)—are reminded of the Commission's Rules of Practice and Procedure, requiring parties filing documents with the Commission, to serve a copy of the document on each person whose name appears on the official service list. Further, if a party files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. All entities commenting on this scoping document must file an original and eight copies of the comments with the Secretary of the Commission.

Any questions regarding this notice may be directed to Ms. Deborah Frazier-Stutely, Environmental Coordinator, FERC, at (202) 219-2842.

*m. Description of Project:* The proposed project would consist of: (1) a 12-foot-high, 12-foot-wide, 80-foot-long earthfill sediment collection embankment with a crest at elevation 3,397 feet mean sea level (msl), containing a broadcrest weir, a 4-foot-high, 14-foot-wide overflow spillway, and a bypass pipe; (2) a 500-foot-long bypass ditch to be used during maintenance; (3) a 12-foot-high, 12-foot-wide, 110-foot-long earthfill intake embankment with a crest at elevation

3,394.5 feet msl, containing a concrete overflow spillway, an 8-foot-wide box shaped intake structure, and bypass pipe; (4) two unnamed springs; (5) a 24-inch-diameter, 1,950-foot-long partially buried steel penstock with a butterfly valve; (6) a 25-foot-wide, 50-foot-long masonry block powerhouse containing one pelton turbine and generating unit with an installed capacity of 500 Kw; (7) a 6-foot-wide, 3-foot-high, 30-foot-long rock rip-rap tailrace, discharging project flows into the Snake River; (8) a switchyard; (9) a 2,000-foot-long, 34.5-Kv transmission line tying into an Idaho Power Company line; and (10) related facilities.

The proposed project would operate run-of-ditch, where the project will use whatever flows enter the sediment impoundment as either irrigation waste flows or as emanating from the two unnamed springs on the applicant's property, and would generate about 1,178,000 kilowatthours of energy annually.

*n. Purpose of Project:* Project power will be sold to a local utility.

*o.* This notice also consists of the following standard paragraphs: A2, A9, B1, D8

*p. Available Locations of Applications:* A copy of the application, as amended and supplemented, is available for inspection and reproduction at the Commission's Public Reference and Files Maintenance Branch, located at 888 First Street, N.E., Room 2A, Washington, DC 20426, or by calling (202) 208-1371. A copy is also available for inspection and reproduction at the applicant's office (see item (h) above).

*A2. Development Application*—Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

*A9. Notice of intent*—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be

served on the applicant(s) named in this public notice.

*B1. Protests or Motions to Intervene*—Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

*D8. Filing and Service of Responsive Documents*—The application is not ready for environmental analysis at this time; therefore, the Commission is not now requesting comments, recommendations, terms and conditions, or prescriptions.

When the application is ready for environmental analysis, the Commission will issue a public notice requesting comments, recommendations, terms and conditions, or prescriptions.

All filings must (1) bear in all capital letters the title "PROTEST" or "MOTION TO INTERVENE," "NOTICE OF INTENT TO FILE COMPETING APPLICATION," or "COMPETING APPLICATION;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Agencies may obtain copies of the application directly from the applicant. Any of these documents must be filed by providing the original and the number of copies required by the Commission's Regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426. An additional copy must be sent to Director, Division of Project Review, Office of Hydropower Licensing, Federal Energy Regulatory Commission, at the above address. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

Lois D. Cashell,

Secretary.
