

Notice Pursuant to the National Cooperative Research and Production Act of 1993 Gas-Fueled Railway Research Program Demonstration Project

Notice is hereby given that, on September 19, 1994, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Southwest Research Institute ("SwRI") filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing a change in its membership status. There has been an extension of the period of performance of its cooperative research project entitled "Gas-Fueled Railway Research Demonstration Project". The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, SwRI advised that the participants agreed to extend the period of performance and to revise the project completion date to December 31, 1994.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and SwRI intends to file additional written notification disclosing all changes in membership.

On December 30, 1993, SwRI filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on January 24, 1994, 59 FR 3566. The last notification was filed with the Department on March 22, 1994. A notice was published in the **Federal Register** pursuant to Section 6(b) of the Act on April 20, 1994, 59 FR 18831.
