

including the requirements to provide accurate and complete information in all material respects and the requirements to permit inspection of their records, premises, activities and components. Five Star Products' and Mr. H. Nash Babcock's violations of 10 CFR 21.41, 21.51(b), and 50.5 demonstrate that Five Star Products and its Vice President, Mr. Babcock, are unable or unwilling to comply with NRC requirements to permit inspections and to provide complete and accurate information to the NRC in all material respects. In addition, they did not permit NRC licensees access to CPR's facilities in order to conduct necessary audits. Construction Products Research's and Mr. Babcock's violation of 10 CFR 21.41, 21.51(b), and 50.5 demonstrate that Construction Products Research and its President, Mr. Babcock, are unable or unwilling to comply with NRC requirements to permit inspections by the NRC or its licensees and to provide complete and accurate information to the NRC in all material respects. Consequently, I lack the requisite reasonable assurance that the NRC and NRC licensees can rely on the statements or certifications of Five Star Products, Inc., Construction Products Research, Inc., or Mr. H. Nash Babcock, that basic components of Five Star Products, Inc. or associated services of Construction Products Research, Inc. meet NRC requirements necessary to protect public health and safety. Therefore, I find that the public health, safety, and interest require that Five Star Products, Inc., Construction Products Research, Inc. and Mr. Babcock (1) be prohibited from providing structures, systems, and components subject to a procurement contract specifying compliance with Appendix B, or basic components subject to a procurement contract specifying compliance with 10 CFR Part 21, and (2) must respond to this Order and take certain other actions if they desire to provide such products to NRC licensees who specify that they must meet the requirements of Appendix B, or 10 CFR Part 21¹.

VI

Accordingly, pursuant to Sections 103, 161b, 161i, 161o, 182, and 186 of the Atomic Energy Act of 1954, as amended, Section 206 of the Energy

¹ This does not prohibit FSP from supplying commercial grade materials to NRC licensees, or CPR from testing and certifying commercial grade materials to NRC licensees, provided that no representations are made with regard to FSP products being qualified for safety-related applications in nuclear power plants based on compliance with 10 CFR Part 50, Appendix B, or that 10 CFR Part 21 requirements have been met.

Reorganization Act, as amended, and the Commission's regulations at 10 CFR 2.202, 10 CFR Parts 21 and 50, and 10 CFR 50.5, IT IS HEREBY ORDERED, THAT:

1. Until Five Star Products, Inc., Construction Products Research, Inc., H. Nash Babcock, and any concern which is owned, controlled, operated or managed by H. Nash Babcock, satisfy the provisions of paragraph 2., below, they are prohibited from:

A. providing or supplying structures, systems, or components, including grout and concrete, subject to a procurement contract specifying compliance with Appendix B; and

B. providing or supplying basic components, including grout and concrete, subject to a procurement contract specifying that the contract is subject to the requirements of 10 CFR Part 21;

2.A. If Five Star Products, Inc., Construction Products Research Inc., or any concern owned, controlled, operated or managed by H. Nash Babcock, desires to lift the prohibition specified in paragraph 1, above, then Five Star Products, Inc., Construction Products Research, Inc., H. Nash Babcock or the concern owned, controlled, operated, or managed by H. Nash Babcock, shall, at least 90 days prior to the date it desires to have the prohibition lifted:

(1) Advise the NRC of that intent in writing;

(2) Respond in writing under oath or affirmation specifically as to each of the violations listed in Section IV, including: (a) An admission or denial of the alleged violation, (b) the reasons for the violation if admitted, and if denied, the reasons why, (c) the corrective steps that have been taken and the results achieved, (d) the corrective steps that will be taken to avoid further violations, and (e) the date when full compliance will be achieved;

(3) Agree in writing, under oath or affirmation, and in fact, to permit the NRC, NRC licensees, and contractors performing QA functions for such licensees, to inspect the records, premises, basic components and activities of Five Star Products, Inc., of Construction Products Research, Inc., or of any concern owned, controlled, operated or managed by H. Nash Babcock that desires to provide safety related products or basic components, or to perform tests to support claims that those products or components and those testing services meet the standards of Appendix B and 10 CFR Part 21, and to signify in writing a willingness to do so in the future;

(4) Agree in writing under oath or affirmation to demonstrate and in fact to demonstrate that those basic components and services associated with basic components meet the standards of Appendix B by having tests performed by an independent third party and having that third party provide copies of the results of those tests directly to the NRC; and

(5) The officers, managers, and supervisors of Five Star Products, Inc. and Construction Products Research, Inc. provide statements that they understand that the activities and records of the organization are subject to NRC inspection, that communications with the NRC must be complete and accurate, and that any employee may provide information to the NRC at any time without fear of retribution; and

B. When all conditions of paragraph 2.A. above have been satisfied, and the NRC has conducted inspections of the QA program and Part 21 program of Five Star Products, Inc., Construction Products Research, Inc., and any concern owned, controlled, operated, or managed by H. Nash Babcock, and any necessary corrective action has been completed, the prohibition of paragraph 1, above, will be lifted in writing.

The Director, Office of Enforcement, may, in writing, relax or rescind any of the above conditions upon demonstration by Five Star Products, Inc., Construction Products Research, Inc., and Mr. H. Nash Babcock of good cause.

VII

In accordance with 10 CFR 2.202, Five Star Products, Inc., Construction Products Research, Inc., and H. Nash Babcock, or any other person adversely affected by the Order, may submit an answer to this Order, and may request a hearing on this Order, within 20 days of the date of this Order. The answer may consent to this Order. Unless the answer consents to this Order, the answer shall, in writing and under oath or affirmation, specifically admit or deny each allegation or charge made in this Order and shall set forth the matters of fact and law on which Five Star Products, Inc., Construction Products Research, Inc., and H. Nash Babcock, and any other person adversely affected relies and the reasons as to why the Order should not have been issued. Any answer or request for a hearing shall be submitted to the Secretary, U.S. Nuclear Regulatory Commission, Attn: Chief, Docketing and Service Section, Washington, DC 20555. Copies also shall be sent to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington DC 20555, to
