

onions to control thrips; June 15, 1995, to June 30, 1995. (Larry Fried)

28. Oklahoma Department of Agriculture for the use of fomesafen on snap beans to control morningglory and pigweed; June 2, 1995, to September 10, 1995. (Larry Fried)

29. Oklahoma Department of Agriculture for the use of carbofuran on cotton to control aphids; June 29, 1995, to October 15, 1995. (David Deegan)

30. Oklahoma Department of Agriculture for the use of metolachlor on spinach to control weeds; August 2, 1995, to March 31, 1996. (Margarita Collantes)

31. Oregon Department of Agriculture for the use of metolachlor on grasses grown for seed to control weeds; August 31, 1995, to November 15, 1995. (David Deegan)

32. Oregon Department of Agriculture for the use of oxyfluorfen on grasses grown for seed to control weeds; August 31, 1995, to January 15, 1996. (David Deegan)

33. Oregon Department of Agriculture for the use of pronamide on grasses grown for seed to control weeds; August 31, 1995, to January 20, 1996. (David Deegan)

34. Oregon Department of Agriculture for the use of lactofen on snap beans to control weeds; April 28, 1995, to July 31, 1995. (Larry Fried)

35. Oregon Department of Agriculture for the use of pirimicarb on alfalfa grown for seed to control alfalfa aphids, pea aphids, and lygus bugs; June 16, 1995, to September 1, 1995. (Larry Fried)

36. Pennsylvania Department of Agriculture for the use of fomesafen on snap beans to control weeds; June 30, 1995, to August 15, 1995. Pennsylvania had initiated a crisis exemption for this use. (Larry Fried)

37. Texas Department of Agriculture for the use of carbofuran on cotton to control aphids; June 9, 1995, to September 30, 1995. (David Deegan)

38. Texas Department of Agriculture for the use of metolachlor on spinach to control weeds; August 2, 1995, to August 15, 1996. (Margarita Collantes)

39. Virginia Department of Agriculture and Consumer Services for the use of clomazone on snap beans to control broadleaf weeds; August 9, 1995, to September 10, 1995. (David Deegan)

40. Virginia Department of Agriculture and Consumer Services for the use of clomazone on summer squash to control broadleaf weeds; August 9, 1995, to September 30, 1995. (David Deegan)

41. Washington Department of Agriculture for the use of pirimicarb on

small seeded vegetable seed crops to control aphids; June 30, 1995, to September 15, 1995. (Larry Fried)

42. Washington Department of Agriculture for the use of pirimicarb on alfalfa grown for seed to control alfalfa aphids, pea aphids, and lygus bugs; June 16, 1995, to August 31, 1995. (Larry Fried)

43. Wyoming Department of Agriculture for the use of pirimicarb on alfalfa grown for seed to control alfalfa aphids, pea aphids, and lygus bugs; June 16, 1995, to August 31, 1995. (Larry Fried)

Crisis exemptions were initiated by the:

1. California Environmental Protection Agency, Department of Pesticide Regulation, on June 19, 1995, for the use of myclobutanil on tomatoes (fresh and processed) to control powdery mildew. The State requested a specific exemption for this use, which was granted by EPA on September 29, 1995, and will expire on June 16, 1996. (David Deegan)

2. Colorado Department of Agriculture on August 15, 1995, for the use of cypermethrin on green onions to control thrips. This program has ended. (Libby Pemberton)

3. Florida Department of Agriculture and Consumer Services on July 23, 1995, for the use of naled on utility poles, tree trunks, and other inanimate objects to control the oriental fruit fly. Since it was anticipated that this program would be needed for more than 15 days, Florida has requested a quarantine exemption to continue it. (Andrea Beard)

4. Maryland Department of Agriculture on July 31, 1995, for the use of clomazone on summer squash to control broadleaf weeds. This program has ended. (David Deegan)

5. Michigan Department of Agriculture on August 17, 1995, for the use of fosetyl-al on blueberries to control alternaria fruit rot. Since it was anticipated that this program would be needed for more than 15 days, Michigan has requested a specific exemption to continue it. (Larry Fried)

6. Minnesota Department of Agriculture on June 16, 1995, for the use of clopyralid on canola to control Canada thistle and perennial sowthistle. This program has ended. (Larry Fried)

7. Missouri Department of Agriculture on June 13, 1995, for the use of fomesafen on snap beans to control pig weed. This program has ended. (Larry Fried)

8. Montana Department of Agriculture on June 21, 1995, for the use of clopyralid on canola to control Canada

thistle and perennial sowthistle. This program has ended. (Larry Fried)

9. New Jersey Department of Agriculture on March 23, 1995, for the use of metolachlor on spinach to control weeds. This program has ended. (Margarita Collantes)

10. New Mexico Department of Agriculture on September 2, 1995, for the use of triadimefon on peppers to control powdery mildew. This program has ended. (Larry Fried)

11. North Carolina Department of Agriculture on September 1, 1995, for the use of tebufenozide on cotton to control the beet armyworms. This program has ended. (Larry Fried)

12. North Dakota Department of Agriculture on August 1, 1995, for the use of bifenthrin on canola to control the Bertha armyworm. This program has ended. (Andrea Beard)

13. North Dakota Department of Agriculture on June 17, 1995, for the use of clopyralid on canola to control Canada thistle and perennial sowthistle. This program has ended. (Larry Fried)

14. Oklahoma Department of Agriculture on September 1, 1995, for the use of tebufenozide on cotton to control beet armyworms. This program has ended. (Larry Fried)

15. Texas Department of Agriculture on August 31, 1995, for the use of bifenthrin on grain sorghum grown for seed to control banks grass mites. This program has ended. (Andrea Beard)

16. Texas Department of Agriculture on June 2, 1995, for the use of esfenvalerate on grain sorghum to control sorghum midge. This program has ended. (Libby Pemberton)

17. Virginia Department of Agriculture and Consumer Services on August 28, 1995, for the use of bifenthrin on peanuts to control two-spotted spider mites. This program has ended. (Andrea Beard)

18. Wisconsin Department of Agriculture on July 21, 1995, for the use of bentazon on peas to control weeds. This program has ended. (Larry Fried)

19. United States Department of Agriculture, Animal and Plant Health Inspection Service, on June 6, 1995, for the use of paraformaldehyde in laboratory facilities to control exotic infectious diseases. The need for this program is expected to last until June 6, 1998. (Larry Fried)

20. United States Department of Agriculture, Animal and Plant Health Inspection Service, on August 24, 1995, for the use of permethrin on horses and cattle to control nonindigenous parasites. The need for this program is expected to last until August 24, 1998. (Larry Fried)
