The IRS records are from the Wage and Information Returns (IRP) Master File, Privacy Act system Treas/IRS 22.061. The SSA records are from the Earnings Recording and Self-Employment Income system, HHS/SSA/OSR 09-60-0059.

d. *Period of Match:* The initial data exchanges are expected to begin 40 days after the matching agreements are signed by the Data Integrity Boards (DIB's) and Congressional Offices and OMB have been notified, and 30 days from the date of publication of notice in the Federal Register or 40 days from the date this notice is approved, whichever is later. These matches may be extended by the involved DIB's for a twelve month period provided the agencies participating in the match certify to the DIB's, within three months of the determination date of the original match, that the matching program will be conducted without change and the matching programs have been conducted in compliance with the original matching agreements. The matches will not continue past the date legislative authority to obtain this information expires.

BILLING CODE 8320-01-M

Privacy Act of 1974; New System of Records—Automated Customer Registration System (ACRS)—VA (87VA045)

AGENCY: Department of Veterans Affairs.

ACTION: Notice, new system of records.

SUMMARY: The Privacy Act of 1974 (5 U.S.C. 552(e)(4)) requires that all agencies publish in the Federal Register a notice of the existence and character of their systems of records. Notice is hereby given that the Department of Veterans Affairs (VA) is adding a new system of records entitled "Automated Customer Registration System (ACRS)—VA (87VA045)".

Federal computer security regulations require that managers and operators of Government computer systems maintain control over who accesses the resources of those systems. This system of records, which will replace the PROS/Keys

system (67VA30), consists of the administrative paperwork involved in adding, modifying or deleting access privileges to the computer resources at the VA Austin Automation Center (AAC), as well as a computer database used to grant access to those resources.

The information maintained in this system of records in hard copy and electronic form will include the names and social security numbers of VA employees, employees of other Government agencies and selected authorized vendors who require access to the computer resources at the AAC. The records will also include business address and telephone number, job title and information relating to data file and computer system access permissions granted to that individual.

Release of information from these records will only be made in accordance with the provisions of the Privacy Act of 1974 for investigatory, judicial and administrative uses. VA has determined that release of information for these purposes is a necessary and proper use of information in this system of records and that specific routine uses for transfer of this information are appropriate.

DATES AND ADDRESSES: Interested persons are invited to submit written comments, suggestions or objections regarding the proposed system of records to the Director, Office of Regulations Management (02D), Department of Veterans Affairs, 810 Vermont Ave., NW, Washington, DC 20420. All relevant material received before January 12, 1996, will be considered. All written comments received will be available for public inspection in the Office of Regulations Management, Room 1176, 801 I Street NW, Washington, DC 20001, between 9 a.m. and 4 p.m. only, Monday through Friday (except Federal holidays) until January 22, 1996.

If no public comment is received during the 30-day review period allowed for public comment, or unless otherwise published in the Federal Register by VA, the routine use statements included herein are effective January 12, 1996, and all other provisions included herein are effective January 12, 1996.

SUPPLEMENTARY INFORMATION: A "Report of Intention to Publish a Federal Register Notice of New System of Records" and an advance copy of the new system notice have been provided to the Chairmen of the House Committee on Government Reform and Oversight and the Senate Committee on Governmental Affairs, and the Director, Office of Management and Budget

(OMB), as required by the provisions of 5 U.S.C. 522(r) (Privacy Act), guidelines issued by OMB (50 FR 52730), December 24, 1985, Pub. L. 100-503, and follow-up OMB guidelines issued July 25, 1994 (59 FR 37917).

FOR FURTHER INFORMATION CONTACT:

Nelda Cook (045/200B), Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420, telephone number (202) 565-8045.

Approved: December 1, 1995.

Jesse Brown,

Secretary of Veterans Affairs.

87VA045

SYSTEM NAME:

Automated Customer Registration System (ACRS)—Department of Veterans Affairs (VA).

SYSTEM LOCATION:

The automated records are maintained by the VA Automation Center, 1615 Woodward Street, Austin, TX 78772. The paper records will be maintained at each VA field station that has a responsibility for ACRS input.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

All Department of Veterans Affairs employees, employees of other Government agencies and authorized contractor personnel who have requested and have been granted access to the automated resources of the VA's Austin Automation Center (AAC).

CATEGORIES OF RECORDS IN THE SYSTEM:

The records in this system, in both paper and electronic form, will include the names and social security numbers of all personnel who have requested and been granted access to the automated resources at the AAC. The records will also include business address and telephone number, job title and information relating to data file and computer system access permissions granted to that individual.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Title 38, U.S.C. 501.

PURPOSE:

The purpose of this system of records is to allow the VA Austin Automation Center (AAC) in Austin, TX, to maintain a current list of all VA employees, employees of other Government agencies and authorized contractor personnel who require access to the computer resources of the AAC, in accordance with Federal computer security requirements.
