

7. Applicant Status

An applicant that is not a State or local court and has not received a grant from the Institute within the past two years should state whether it is either a national non-profit organization controlled by, operating in conjunction with, and serving the judicial branches of State governments; or a national non-profit organization for the education and training of State court judges and support personnel. See section IV. If the applicant is a nonjudicial unit of Federal, State, or local government, it must explain whether the proposed services could be adequately provided by non-governmental entities.

8. Staff Capability

The applicant should include a summary of the training and experience of the key staff members and consultants that qualify them for conducting and managing the proposed project. Resumes of identified staff should be attached to the application. If one or more key staff members and consultants are not known at the time of the application, a description of the criteria that will be used to select persons for these positions should be included.

9. Organizational Capacity

Applicants that have not received a grant from the Institute within the past two years should include a statement describing the capacity of the applicant to administer grant funds including the financial systems used to monitor project expenditures (and income, if any) and a summary of the applicant's past experience in administering grants, as well as any resources or capabilities that the applicant has that will particularly assist in the successful completion of the project.

If the applicant is a non-profit organization (other than a university), it must also provide documentation of its 501(c) tax exempt status as determined by the Internal Revenue Service and a copy of a current certified audit report. For purposes of this requirement, "current" means no earlier than two years prior to the current calendar year. If a current audit report is not available, the Institute will require the organization to complete a financial capability questionnaire which must be signed by a Certified Public Accountant. Other applicants may be required to provide a current audit report, a financial capability questionnaire, or both, if specifically requested to do so by the Institute.

Unless requested otherwise, an applicant that has received a grant from

the Institute within the past two years should describe only the changes in its organizational capacity, tax status, or financial capability that may affect its capacity to administer a grant.

10. Statement of Lobbying Activities

Non-governmental applicants must submit the Institute's Disclosure of Lobbying Activities Form that requires them to state whether they, or another entity that is a part of the same organization as the applicant, have advocated a position before Congress on any issue, and identifies the specific subjects of their lobbying efforts.

11. Letters of Support for the Project

If the cooperation of courts organizations, agencies or individuals other than the applicant is required to conduct the project, the applicant should attach written assurances of cooperation and availability to the application, or send them under separate cover. In order to ensure that there is sufficient time to bring them to the Board's attention, letters of support sent under separate cover must be received at least four weeks before the meeting of the Board of Directors at which the application will be considered (i.e., no later than February 1, 1996, May 16, 1996, June 28, 1996, or August 22, 1996, respectively).

D. Budget Narrative

The budget narrative should provide the basis for the computation of all project-related costs. Additional background or schedules may be attached if they are essential to obtaining a clear understanding of the proposed budget. Numerous and lengthy appendices are strongly discouraged.

The budget narrative should cover the costs of all components of the project and clearly identify costs attributable to the project evaluation. Under OMB grant guidelines incorporated by reference in this Guideline, grant funds may not be used to pay for coffee breaks during seminars or meetings, or to purchase alcoholic beverages.

1. Justification of Personnel Compensation

The applicant should set forth the percentages of time to be devoted by the individuals who will serve as the staff of the proposed project, the annual salary of each of those persons, and the number of work days per year used for calculating the percentages of time or daily rate of those individuals. The applicant should explain any deviations from current rates or established written organization policies. If grant funds are

requested to pay the salary and related costs for a current employee of a court or other unit of government, the applicant should explain why this would not constitute a supplantation of State or local funds in violation of 42 U.S.C. 10706(d)(1). An acceptable explanation may be that the position to be filled is a new one established in conjunction with the project or that the grant funds will be supporting only the portion of the employee's time that will be dedicated to new or additional duties related to the project.

2. Fringe Benefit Computation

The applicant should provide a description of the fringe benefits provided to employees. If percentages are used, the authority for such use should be presented as well as a description of the elements included in the determination of the percentage rate.

3. Consultant/Contractual Services and Honoraria

The applicant should describe the tasks each consultant will perform, the estimated total amount to be paid to each consultant, the basis for compensation rates (e.g., number of days \times the daily consultant rates), and the method for selection. Rates for consultant services must be set in accordance with section XI.H.2.c. Honorarium payments must be justified in the same manner as other consultant payments.

4. Travel

Transportation costs and per diem rates must comply with the policies of the applicant organization. If the applicant does not have an established travel policy, then travel rates shall be consistent with those established by the Institute or the Federal Government. (A copy of the Institute's travel policy is available upon request.) The budget narrative should include an explanation of the rate used, including the components of the per diem rate and the basis for the estimated transportation expenses. The purpose for travel should also be included in the narrative.

5. Equipment

Grant funds may be used to purchase only the equipment that is necessary to demonstrate a new technological application in a court, or that is otherwise essential to accomplishing the objectives of the project. Equipment purchases to support basic court operations ordinarily will not be approved. The applicant should describe the equipment to be purchased or leased and explain why the acquisition of that equipment is
