**SUPPLEMENTARY INFORMATION:**

**Background**

This study is being conducted partly in response to a legislative proposal in the 103rd Congress, H.R. 4496, that would: (1) Freeze the weights allowed by State law or permit regulation on the non-Interstate portion of the National Highway System (NHS), and (2) freeze the length of new trailers at 53 feet. This bill, or similar legislation, could have a significant impact on the public and private sectors and on the safety and efficiency of the total transport system.

The current TS&W regulations were based on concerns for national
