Regulatory Evaluation

This proposal is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order, nor has it been reviewed by the Office of Management and Budget. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11034; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Assessment is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider the economic impact on small entities of a rule for which a general notice of proposed rulemaking is required. "Small entities" may include (1) small businesses and not-for-profit organizations that are independently owned and operated and are not dominant in their fields and (2) governmental jurisdictions with populations of less than 50,000.

This proposed rule will have no economic impact on small entities because it amends portions of regulations that: (1) Are purely administrative; (2) Do not reflect common marine industry practice; (3) Do not have general applicability; or, (4) Are repeated in other sections.

Therefore, the Coast Guard finds that this proposed rule will not have a significant economic impact on a substantial number of small entities. If, however, you think that your business or organization qualifies as a small entity and that this rule will have a significant economic impact on your business or organization, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and in what way and to what degree this proposed rule will economically affect it.

Collection of Information

This proposed rule imposes on the public no new or added requirements for collecting information under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this proposed rule in accordance with the principles and criteria of Executive Order 12612 and has determined that this rule does not have sufficient implications for federalism to warrant the preparation of a Federalism Assessment.

Environment

The Coast Guard has considered the environmental impact of this proposed rule and concluded that, under section 2.B.2.c of Commandant Instruction M16475.1B, this rule is categorically excluded from further environmental documentation. A Categorical Exclusion Determination is available in the docket for inspection or copying where indicated under **ADDRESSES**.
