

§ 31.3406(a)–4

Time when payments are considered to be paid and subject to backup withholding.

(a) *Timing*—(1) *In general.* If backup withholding is required under section 3406 on a reportable payment (as defined in section 3406(b)), the payor must withhold at the time it makes the payment to the payee or to the payee's account that is subject to withholding. Amounts are considered paid when they are credited to the account of, or made available to, the payee. Amounts are not considered paid solely because they are posted (e.g., an informational notation on the payee's passbook) if they are not actually credited to the payee's account or made available to the payee. See paragraph (c) of this section for the timing of withholding by a middleman.

(2) *Special rules for dividends.* For purposes of section 3406 and this section—

(i) *Record date earlier than payment date.* In the case of stock for which the record date is earlier than the payment date, the dividends are considered paid on the payment date.

(ii) *Dividends paid in corporate reorganizations.* In the case of a corporate reorganization, if a payee is required to exchange stock held in the former corporation for stock in the new corporation before the dividends that have been paid with respect to the stock in the new corporation will be provided to the payee, the dividend is considered paid on the date the payee actually exchanges the stock and receives the dividend.

(b) *Amounts reportable under section 6045*—(1) *In general.* Notwithstanding paragraph (a) of this section, in the case of a transaction reportable under section 6045 (except in the case of forward contracts (including foreign currency contracts), regulated futures contracts, and security short sales), the obligation to withhold under section 3406 arises on the date the sale is entered on the books of the broker or the date the exchange occurs as provided in § 1.6045–1(f)(3) of this chapter. A broker (in its capacity as payor) is not required, however, to satisfy its withholding liability until payment is made. See § 31.3406(b)(3)–2(b)(2) for special rules applicable to forward contracts (including foreign currency contracts), regulated futures contracts, and security short sales.

(2) *Special rule for interest accrued on bonds.* For purposes of determining the time that interest is considered paid and subject to withholding under section 3406 when bonds are sold between interest payment dates, the portion of the sales price representing interest

accrued to the date of sale is considered a portion of a reportable payment of gross proceeds under section 6045 (provided that the accrued interest is not tax-exempt as described in section 103(a), relating to certain governmental obligations), and is not considered to be a payment of interest for purposes of section 6049.

(c) *Middlemen*—(1) *In general.* Any middleman (as defined in § 31.3406(a)–2(b)) must withhold under section 3406 at the time the reportable payment is received by or credited to the middleman. If the middleman makes or credits the reportable payment to the payee prior to the middleman's receipt of the corresponding payment, the middleman may withhold at the time the reportable payment is made or credited to the payee.

(2) *Special rule for common trust funds.* A common trust fund (as defined in section 584) must withhold either—

(i) At the time the reportable payment is received by or credited to the common trust fund as provided in paragraph (c)(1) of this section;

(ii) On the date on which the assets of the common trust fund are valued; or

(iii) At the time the common trust fund pays or credits the reportable payment to a participant of the common trust fund.

(3) *Special rule for certain grantor trusts.* For grantor trusts described in § 31.3406(a)–2(b)(4), reportable payments made to the trust are treated as paid by the trust to each grantor, in an amount equal to the distribution made by the trust to each grantor, on the date that the reportable payment is paid to the trust (except for gross proceeds reportable under section 6045). Paragraph (b)(2) of this section applies to a grantor trust making a payment of gross proceeds under section 6045 subject to withholding under section 3406. For purposes of this paragraph (c)(3) a husband and wife filing a joint return are considered to be one grantor.

§ 31.3406(b)(2)–1 Reportable interest payment.

(a) *Interest subject to backup withholding*—(1) *In general.* A payment of a kind, and to a payee, that is required to be reported under section 6049 (relating to returns regarding interest and original issue discount) is a reportable payment for purposes of section 3406, subject to the special rules of § 31.3406(b)(2)–2 (relating to original issue discount) and § 31.3406(b)(2)–3 (relating to window transactions). See § 31.6051–4 for the requirement to furnish a statement to the payee if tax is withheld under section 3406.

(2) *Special rule for tax-exempt interest.* When an issuer is required to make an information return under § 1.6049–4(d)(8) of this chapter because a payee provided a signed written statement on the envelope or shell incorrectly claiming that the interest was exempt from taxation under section 103(a) (as described in § 1.6049–5(b)(1)(ii) of this chapter), the issuer is not required to impose withholding under section 3406.

(b) *Amount subject to backup withholding*—(1) *In general.* The amount of interest subject to withholding under section 3406 is the amount subject to reporting under section 6049.

(2) *Special rule to adjust for premature withdrawal penalty.* Solely for purposes of computing the amount subject to withholding under section 3406, the payor may elect not to withhold from the portion of any interest payment that is not received by the payee because a penalty is in fact imposed for premature withdrawal of funds deposited in a time savings account, certificate of deposit, or similar class of deposit.

§ 31.3406(b)(2)–2 Original issue discount.

(a) *Original issue discount subject to backup withholding.* The amount of original issue discount, treated as interest, subject to withholding under section 3406 is the amount subject to reporting under section 6049, but is limited to the amount of cash paid. In addition, if an original issue discount obligation, subject to reporting under section 6045, is sold prior to maturity and with respect to the seller a condition exists for imposing withholding under section 3406 on the gross proceeds, then withholding under § 31.3406(b)(3)–2 applies to the gross proceeds of the sale reportable under section 6045, and not to the amount of any original issue discount includible in the gross income of the seller for the calendar year of the sale. See § 31.6051–4 for the requirement to furnish a statement to the payee if tax is withheld under section 3406.

(b) *Amount subject to backup withholding and time when backup withholding is imposed with respect to short-term obligations.* In the case of an obligation with a fixed maturity date not exceeding one year from the date of issue (a short-term obligation), withholding under section 3406 applies to any payment of original issue discount on the obligation includible in the gross income of the holder to the extent of the cash amount of the payment. See § 1.1273–1 of this chapter to determine the amount of original
