

Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The project purposes are flood prevention, flood damage reduction, fish and wildlife habitat development, and recreational development. The planned works of improvement include construction of 11 single-purpose floodwater retarding dams, acquisition of 40 flood plain properties, demolition or relocation of buildings from the acquisition area, and construction of recreational facilities in the stream corridor and flood plain.

The Notice of a Finding Of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various federal, state, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Michael D. Wells, Assistant State Conservationist (WR).

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the Federal Register.

(This activity is listed in the Catalog of Federal Domestic Assistance under NO.10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with state and local officials.)

Roger A. Hansen,  
State Conservationist.
