

§ 268.71 Associated Management Requirements.

Waste may meet the standards set out in the Conditional Minimize Threat Table as an alternative to the treatment standards in the tables to Subpart D of

this part or the Minimize Threat Table to subpart F of this part only if they are placed in a landfill or a monofill as defined in 40 CFR 260.10. Waste that is placed in land application units must comply with the minimize threat levels

set forth in subpart F of this part or the treatment standards set forth in subpart D of this part.
