50 CFR Part 675

[I.D. 121295B]

Groundfish of the Bering Sea and Aleutian Islands Area; Approval of Community Development Plans

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Allocation of Community Development Quota of pollock for 1996-98.

SUMMARY: NMFS announces the approval of recommendations made by the Governor of the State of Alaska (Governor) for Community Development Plans (CDPs) during the calendar years 1996-98 under authority of the Community Development Quota (CDQ) program. This action announces the decision of NMFS to approve the Governor's recommended CDPs, including the pollock CDQs for each

subarea or district, and the availability of findings underlying the decision.

EFFECTIVE DATE: Effective January 1, 1996.

ADDRESSES: Copies of the findings made by NMFS in approving the Governor's recommendations may be obtained from the Alaska Region, National Marine Fisheries Service, P.O. Box 21668, Juneau, AK 99802, Attn: Lori Gravel.

FOR FURTHER INFORMATION CONTACT: David C. Ham, 907-586-7228.

SUPPLEMENTARY INFORMATION: The pollock CDQ program originally was developed by the North Pacific Fishery Management Council (Council) and submitted as part of Amendment 18 to the Fishery Management Plan (FMP) for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area, which was approved in part by the Secretary of Commerce (57 FR 23321, June 3, 1992). Initial Federal regulations implementing the CDQ program became effective on November 18, 1992 (57 FR 54936, November 23, 1992) and expire on December 31, 1995. The Council proposed re-authorizing the CDQ program for an additional 3 years as part of Amendment 38 to the FMP. NMFS approved this amendment on November 28, 1995. Regulations implementing the pollock CDQ program for 1996, 1997, and 1998, were published on December 12, 1995 (60 FR 63654), and will be effective on January 1, 1996.

Eligible western Alaska communities submitted six proposed CDPs requesting CDQs to the Governor under § 675.27. The State of Alaska conducted a public hearing on September 23, 1995, in Seattle, WA, during which all interested persons had an opportunity to be heard. The hearing covered the substance and content of the proposed CDPs in such a manner that the general public, and particularly the affected parties, had a reasonable opportunity to understand the impact of each proposed CDP. The Governor made available for public review all State of Alaska materials pertinent to the hearing at the time the hearing was announced. The public hearing held by the State of Alaska satisfied the requirements of § 675.27(a).

The Governor consulted the Council concerning the proposed CDPs during the Council's September 1995 meeting. The Council reviewed copies of the CDP executive summaries, summary sheets, and the Governor's recommended allocations and unanimously concurred in the Governor's recommendations.

Upon receiving the Governor's recommendations on November 1, 1995, NMFS commenced a review of the record to determine whether the community eligibility criteria and the evaluation criteria set forth in regulations implementing the CDQ program have been met. NMFS has found that the Governor's recommendations for approval of proposed CDPs are consistent with the community eligibility conditions and evaluation criteria and other applicable provisions of the regulations.

As required by § 675.27(c)(1), NMFS publishes this announcement of approval of the Governor's recommendations, including the CDQ allocated to each CDP (see table below) and the availability of the findings regarding this decision (see **ADDRESSES**).
