SUPPLEMENTARY INFORMATION: The Red Snapper Individual Transferable Quota (ITQ) Appeals Board established by the Council will meet at each site (see **ADDRESSES**) to review appeals of commercial red snapper fishermen who dispute landings and other information used to assign to them ITQ shares of the commercial red snapper quota.

Owners and operators of permitted reef fish vessels have been notified by NMFS of the appeals processes and the

requirement to submit a written appeal setting forth the nature of the dispute and attaching copies of relevant records. NMFS also provided each owner and/or operator with an estimate of his or her ITQ share and the 1990–91 landings records upon which the share was based, and relevant records for “historical captain” status that would entitle that person to a share. Persons filing written appeals with NMFS by December 27, 1995, will be offered an opportunity to testify before the appeals board and will be notified by the Council of the times and places of reviews of their appeals.

A copy of each written appeal and the appended information will be provided to each member of the appeals board and summarized by Council/NMFS staffs. The board members will then discuss the case, hear testimony from persons making the appeals, and individually fill out forms recommending (1) approval of an appeal, (2) denial of the appeal, or (3) abstention on the issue. The completed forms will be provided by the Council representative daily by mail to the Director, Southeast Region, in St. Petersburg, FL for final decisions on granting the appeals.

The meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Anne Alford at the Council (see **ADDRESSES**) by December 29, 1995.
