of the award winners and the amount of the awards to be used to further the Department's commitment to provide families living in public and Indian housing with better access to employment and training opportunities to achieve self-sufficiency and independence, and to rescind scores announced in an amendment published July 29, 1994 (59 FR 38617) regarding the score achievable under the ranking factor that addressed the evidence of need for supportive services by eligible residents.

SUPPLEMENTARY INFORMATION:

Section 22 of the United States Housing Act of 1937 (42 U.S.C. 1437t) provides for the establishment of Family Investment Centers. The stated purpose of Section 22 is to provide families living in public housing with better access to educational and employment opportunities to achieve self-sufficiency and independence by: (a) Developing facilities in or near public housing for training and supportive services; (b) mobilizing public and private resources to expand and improve the delivery of such services; (c) providing funding for such essential training and support services that cannot otherwise be funded; and (d) improving the capacity of management to access the training and service needs of families, coordinate the provision of training and services that meet such needs, and ensure the long-term provision of such training and services.

Although section 22 is phrased in terms of families living in public housing, the program is also available to Indian Housing Authorities (IHAs), because of section 527 of the National Affordable Housing Act (104 Stat. 4216; 42 U.S.C. 1437aa note) (NAHA). Section 527 extends the applicability of many NAHA provisions affecting Title I of the 1937 Act (including section 515, which added Section 220 to housing operated by an IHA).
