

Applicants under FIC receive funding to conduct: Supportive Services (Only), Renovation/Conversion/New Construction (Only), and Combination Supportive Services/Renovation/Conversion/Construction Activities.

On February 28, 1994 (59 FR 9592), HUD published a Notice of Funding Availability (NOFA) that announced \$75 million in FIC funds, and stated the Department's intention to use \$1 million of FIC funds to undertake a Neighborhood Demonstration Program. The Notice of Demonstration was announced in the **Federal Register** on July 21, 1994 (59 FR 37338). The NOFA was amended four times as follows:

- April 19, 1994 (59 FR 18570). Extended the eligible activities to include new construction and acquisition; and extended the application submission deadline to Friday, July 22, 1994. In addition, the Department announced its intention to use \$5 million of FIC funds for a Youth Development Initiative to address the problems of violence in low-income communities. The Demonstration was announced in the **Federal Register** on May 13, 1994 (59 FR 25262).

- June 9, 1994 (59 FR 29816). Revised the NOFA to include language regarding the Comprehensive Improvement Assistance Program (CIAP). In addition, the Department announced the award of \$2 million to the Chicago Housing Authority (CHA) on an emergency basis for FIC eligible purposes.

- July 14, 1994 (59 FR 35945). Announced new application submission requirements for applicants applying to undertake renovation/conversion/new construction activities (only). This amendment was issued subsequent to the Notice of Demonstration published June 21, 1994. In addition, the amendment determined that section 957 of the National Affordable Housing Act (NAHA) was subject to appropriations and not applicable at this time.

- Published July 29, 1994 (59 FR 38617). Announced the change of the explanation of the award of funds and increased the number of points available in the ranking factor that addresses the need for services by eligible residents under the categories for renovation/conversion/supportive services and supportive services (only) from "10" points to "30" points. In addition, maximum points achievable under Renovation/Conversion/Supportive Services activities were changed from "135" to "155". Maximum points achievable for Supportive Services (Only) were changed from "140" to "160."

Accordingly, this announcement further amends the NOFA for Public

and Indian Family Investment Centers as published on February 28, 1994 (59 FR 9592), and specifically the Amendment published on July 29, 1994 (59 FR 38617), which increased the points achievable in the ranking factor that addressed the need for services by eligible residents. The Department announces that applications were reviewed and evaluated in accordance with the ranking factors set forth in the original NOFA published February 28, 1994, and did not include the increased number of points specified in the July 29, 1994 amendment. Applications were selected in accordance with ranking guidance set forth in the July 29, 1994 NOFA amendment that allowed that grants may be awarded out of rank order based on project size and geographical diversity. The final ranking list was compiled from lists that included the four top applications (per funding category) per HUD Region; the top applications in states not represented in the former category; and a mix of small, medium and large housing authorities nationwide.

In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (Pub. L. 101-235, approved December 15, 1989), the Department is publishing details regarding the recipients of funding awards. This information is provided in Appendix A to this document.

Dated: January 30, 1995.

**Joseph Shuldiner,**

*Assistant Secretary for Public and Indian Housing.*
