In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) as amended by the Omnibus Trade and Competitiveness Act of 1988 (P.L. 100-418), the Department of Labor herein presents the results of an investigation regarding certification of eligibility to apply for worker adjustment assistance.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act must be met. It is determined in this case that all of the requirements have been met.

Workers at Union Oil Company of California (UNOCAL), headquartered in Sugar Land, Texas (TA-W-30,277) and operating in various locations in the following states of this entity of the Company (TA-W-30,277A-J) are engaged in employment related to the exploration and production of crude oil, natural gas, and natural gas liquids.

Workers are not separately identifiable between crude oil, natural gas, and natural gas liquids exploration or production. Crude oil represents an important portion of sales at Union Oil Company of California (UNOCAL).

Workers at various locations of UNOCAL Corporation were certified eligible to apply for trade adjustment assistance benefits on September 30, 1992 (TA-W-27,538; TA-W-27,542-27,544; and TA-W-27,544A-D).

Workers at various other locations of UNOCAL Corporation were certified eligible to apply for trade adjustment assistance benefits on November 3, 1992.

Corporate-wide sales and production of crude oil at Union Oil Company of California (UNOCAL) declined in 1993 compared to 1992 and in the first six months of 1994 compared to the same period in 1993.

Conclusion

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with crude oil and natural gas produced at Union Oil Company of California, d.b.a. UNOCAL contributed importantly to the decline in sales or production and to the total or partial separation of workers of that firm.
