SUPPLEMENTARY INFORMATION:**Background**

On November 12, 1993, the Department published in the **Federal Register** the preliminary results of its administrative review of the countervailing duty order on ferrochrome from South Africa (46 FR 21155, April 9, 1981). The Department has now completed this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

We invited interested parties to comment on the preliminary results. On December 13, 1993, a joint case brief was submitted by Chromecorp Technology (Pty) Ltd., CMI, Ferralloys Limited, Middleburg Steel and Alloys (Pty) Ltd. (MS&A), and Samancor, the South African producers which exported ferrochrome to the United States during the review period (respondents). We returned respondents' brief because it contained untimely new factual information. See 19 CFR 355.31(a)(1)(ii). The Department has not considered the rejected new factual information for these final results of review. See 19 CFR 355.31(a)(3), 355.3(a). On December 21,

1993, respondents resubmitted a revised case brief. The comments addressed in this notice were presented in the resubmitted case brief.

At the request of respondents, the Department held a public hearing on December 28, 1993. On January 14 and January 16, 1994, respondents submitted two documents containing unsolicited written argument. The regulations (19 CFR 355.38) require written argument to be submitted in accordance with the deadlines and requirements for case briefs and rebuttal briefs. The two submissions in question were made after these deadlines. These submissions were returned to respondents in accordance with the regulations (19 CFR 355.38(a)). The Department has therefore not considered the arguments presented in these two submissions for purposes of reaching these final results of review.

The review covers the period January 1, 1991 through December 31, 1991. The review involves five companies and the following programs:

- (1) Industrial Development Corporation Loans
- (2) Export Incentive Program
- (3) Regional Industrial Development Incentives
- (4) Preferential Rail Rates
- (5) Government Loan Guarantees
- (6) Beneficiation Allowances—Electric Power Cost Aid Scheme
- (7) General Export Incentive Scheme

After consideration of respondents' comments on the preliminary results of review, the Department has now recalculated the bounties or grants attributable to the Category D Scheme of the Export Incentive Program, and to the Industrial Development Corporation long-term loan program. The Department now determines the bounty or grant attributable to the Category D Scheme to be zero percent *ad valorem* for CMI, and 0.29 percent *ad valorem* for all other companies, and the bounty or grant attributable to the Industrial Development Corporation loan to be zero for CMI, and 0.05 percent *ad valorem* for all other companies. Accordingly, the Department determines the total bounty or grant from all programs under review to be zero for CMI, and 0.81 percent *ad valorem* for all other companies.

Scope of Review

Imports covered by this review are shipments of ferrochrome, which is currently classifiable under item 7202.41.00, 7202.49.10 and 7202.49.50 of the *Harmonized Tariff Schedule* (HTS). The HTS item numbers are provided for convenience and Customs
