Under the new boundaries, county lines will be kept intact as boundaries except in Tulare and Butte Counties. This final rule will remove Glenn, Lake, Colusa, Sonoma, Yolo, Solano, Del Norte, Humboldt, Trinity, Mendocino, Napa, and Marin Counties from District 4 and add them to District 1. Sacramento, El Dorado and Amador Counties will be removed from District 5 and added to District 1. Nevada and Placer Counties will be removed from District 2 and added to District 1. Sierra County will be removed from District 3 and added to District 1. In Butte County, the town of Gridley will remain as a whole district—District 2. Calaveras, Tuolumne, Contra Costa, Alpine, San Francisco, and Alameda Counties will be removed from District 5 and added to District 4. Mono and Mariposa Counties will be removed from District 6 and added to District 4. Kings County will be removed from District 6 and added to District 5. Inyo County will be removed from District 7 and added to District 6. Tulare County will be divided into four districts. District 5 will include Tulare County north of Highway 198 to the Kings County boundary. District 6 will include Tulare County south of Highway 198 to Avenue 56, excluding the west side of Highway 65 between Highway 137 and Avenue 56. District 7 will include Tulare County west of Highway 65 between Highway 137 and Avenue 56, and District 8 will include Tulare County south of Avenue 56.

Committee members serve 2-year terms of office beginning August 1, with about one-half of the membership selected each year. Of the current members, seven members are serving terms of office that expire on July 31, 1995, and five members are serving terms of office that expire on July 31, 1996. The committee recommended that all of the present committee members continue to serve through July 31, 1995, and that this redistricting be effective for nominations for all members to serve for terms beginning August 1, 1995. One-half of the committee members

selected for terms of office beginning August 1, 1995, will serve one-year terms and the other half will serve two-year terms, with the determination of the terms for each member to be decided by lot.

The one voter in opposition to the recommendation wanted to allocate the additional three committee members and their alternates to the three districts with the highest number of growers rather than to the three districts with the highest production. However, the marketing order requires that the three additional members and alternates be allocated to the highest producing districts.

A proposed rule concerning this action was published in the **Federal Register** on December 9, 1994 [59 FR 63731], with a 30 day comment period ending January 9, 1995. No comments were received.

Based on the above, the Administrator of the AMS has determined that this action will not have a significant economic impact on a substantial number of small entities.

After consideration of all relevant matter presented, including the information and recommendations submitted by the committee and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

It is further found that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** [5 U.S.C. 553] because: 1) Nomination procedures begin in March for those members and alternates to be selected for terms beginning in 1995; 2) Handlers are aware of this rule, which was recommended by the committee at a public meeting; and 3) a 30-day comment period was provided for in the proposed rule and no adverse comments were received.
