the exemptions from the requirement of a tolerance for residues of propionic acid in or on cottonseed, peanuts, rice grain, and soybeans would protect the public health, the Agency is establishing the exemptions as set forth below.

Any person adversely affected by this regulation may, within 30 days after publication of this document in the Federal Register, file written objections and/or a request for a hearing with the Hearing Clerk, at the address given above (40 CFR 178.20). A copy of the objections and hearing requests filed with the Hearing Clerk should be submitted to the OPP docket for this rulemaking. The objections submitted must specify the provisions of the regulation deemed objectionable and the grounds for the objections (40 CFR 178.25). Each objection must be accompanied by the fee prescribed by 40 CFR 180.33(i). If a hearing is requested, the objections must include a statement of the factual issue(s) on which a hearing is requested, the requestor's contentions on each such issue, and a summary of any evidence relied upon by the objector (40 CFR 178.27). A request for a hearing will be granted if the Administrator determines that the material submitted shows the following: There is a genuine and substantial issue of fact; there is a reasonable possibility that available evidence identified by the requestor would, if established, resolve one or more of such issues in favor of the requestor, taking into account uncontested claims or facts to the contrary; and resolution of the factual issue(s) in the manner sought by the requestor would be adequate to justify the action requested (40 CFR 178.32).

Under Executive Order 12866 (58 FR 51735, Oct. 4, 1993), the Agency must determine whether the regulatory action is "significant" and therefore subject to all the requirements of the Executive Order (i.e., Regulatory Impact Analysis, review by the Office of Management and Budget (OMB)). Under section 3(f), the order defines "significant" as those actions likely to lead to a rule (1) having an annual effect on the economy of \$100 million or more, or adversely and materially affecting a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities (also known as "economically significant"); (2) creating serious inconsistency or otherwise interfering with an action taken or planned by another agency; (3) materially altering the budgetary impacts of entitlement, grants, user fees, or loan programs; or (4) raising novel legal or policy issues arising out of legal

mandates, the President's priorities, or the principles set forth in this Executive Order.

Pursuant to the terms of this Executive Order, EPA has determined that this rule is not "significant" and is therefore not subject to OMB review.

Pursuant to the Regulatory Flexibility Act (Pub. L. 96-354, 94 Stat. 1164, 5 U.S.C. 601 et seq.), the Administrator has determined that regulations establishing new tolerances or raising tolerance levels or establishing exemptions from tolerance requirements do not have a significant economic impact on a substantial number of small entities. A certification statement to this effect was published in the **Federal Register** of May 4, 1981 (46 FR 24950).

List of Subjects in 40 CFR Part 180

Environmental protection, Administrative practice and procedure, Agricultural commodities, Pesticides and pests, Reporting and recordkeeping requirements.

Dated: January 30, 1995.

Stephen L. Johnson,

Director, Registration Division, Office of Pesticide Programs.

Therefore, 40 CFR part 180 is amended as follows:

PART 180—[AMENDED]

1. The authority citation for part 180 continues to read as follows:

Authority: 21 U.S.C. 346a and 371.

2. Section 180.1023 is revised, to read as follows:

§ 180.1023 Propionic acid; exemptions from the requirement of a tolerance.

- (a) Postharvest application of propionic acid or a mixture of methylene bispropionate and oxy(bismethylene) bisproprionate when used as a fungicide is exempted from the requirement of a tolerance for residues in or on the following raw agricultural commodities: Alfalfa, barley grain, Bermuda grass, bluegrass, brome grass, clover, corn grain, cowpea hay, fescue, lespedeza, lupines, oat grain, orchard grass, peanut hay, peavine hay, rye grass, sorghum grain, soybean hay, sudan grass, timothy, vetch, and wheat grain.
- (b) Propionic acid is exempt from the requirement of a tolerance for residues in or on meat and meat byproducts of cattle, sheep, hogs, goats, horses, and poultry, milk, and eggs when applied as a bactericide/fungicide to livestock drinking water, poultry litter, and storage areas for silage and grain.

(c) Postharvest application of propionic acid when used as a fungicide

is exempted from the requirement of a tolerance for residues in or on the following raw agricultural commodities: Cottonseed, peanuts, rice grain, and soybeans.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 97

[PR Docket No. 93-305; FCC 94-343]

Implementation of a Vanity Call Sign System

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This action amends the amateur service rules to provide a system for the assignment of vanity call signs to amateur stations. The rule amendments are necessary so that personalized call signs are available in the amateur service. The rule amendments will satisfy the desires of those persons in the amateur community who want an opportunity to choose their own call signs.

EFFECTIVE DATE: March 24, 1995.

FOR FURTHER INFORMATION CONTACT: Maurice J. DePont, Federal Communications Commission, Wireless Telecommunications Bureau, Washington, D.C. 20554, (202) 418– 0690.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order, adopted December 23, 1994. and released February 1, 1995. The complete text of this Commission action is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 1919 M Street, NW, Washington, D.C., 20554. The complete text of this Report and Order may also be purchased from the Commission's copy contractor, International Transcription Services, Inc. (ITS, Inc.), 2100 M Street, NW, Suite 140, Washington, D. C. 20037, telephone number (202) 857-3800.

Summary of Report and Order

1. The Commission's new license processing capabilities now make it practicable to grant requests for call signs of the licensee's choice. Hence, a vanity call sign system can be implemented. These new capabilities can also be used to resume the issuance of new club and military recreation station licenses.
