

fixed overhead costs already reflected inflation. We have, therefore, amended our calculation of fixed overhead by applying a factor to fixed overhead to account only for the effects of inflation on depreciation expense.

Final Results of Review

Upon review of comments submitted, the Department has determined the margin for Cinsa to be 13.35 percent for the period December 1, 1990 through November 30, 1991. The Customs Service shall assess antidumping duties on all appropriate entries.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the publication date of these amended final results of review, as provided for by section 751(a)(1) Tariff Act of 1930, as amended (the Act): (1) the cash deposit rate for Cinsa will be 13.35 percent as outlined above; (2) the cash deposit rate for APSA will continue to be 4.66 percent, the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV), but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other exporters will be 29.52 percent, the "all others" rate established in the LTFV investigation. *See, Floral Trade Council v. United States*, Slip Op. 93-79, and *Federal Mogul Corp. v. United States*, Slip Op. 93-83.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

In addition, this notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification or conversion to judicial protective order is hereby requested.

Failure to comply with the regulations and terms of the APO is a sanctionable violation.

This notice is in accordance with sections 751(f) of the Act (19 U.S.C. 1675(f)) and 19 CFR 353.28(c).

Dated: February 2, 1995.

Susan G. Esserman,
Assistant Secretary, for Import
Administration.

Intent To Prepare a Draft Environmental Impact Statement (DEIS) for the Proposed Section 204 Habitat Restoration Project at Poplar Island in Talbot County, MD

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of Intent.

SUMMARY: The Baltimore District U.S. Army Corps of Engineers is investigating the use of dredged material to restore Poplar Island. The project would restore Poplar Island to its approximate size in 1857, thereby adding approximately 1,000 acres of wildlife habitat in the Upper Chesapeake Bay. The project would use approximately 10 to 40 million cubic yards of clean material, dredged primarily from the southern approach channels to Baltimore Harbor. The amount of material placed at the site would depend on the final design, including the island size and shape, and the relative proportions of upland and wetland habitat constructed on the island. Dredged material would be placed behind dikes at the site, then shaped and planted to create both intertidal wetland and upland wildlife habitat. The feasibility study is being conducted under the authority of Section 204 of the Water Resources Development Act of 1992. The potential non-Federal sponsor for the project is the Maryland Port Administration (MPA), a part of the Maryland Department of Transportation.

FOR FURTHER INFORMATION CONTACT: Questions about the proposed action and DEIS can be addressed to Ms. Stacey Brown, Project Manager, Baltimore District, U.S. Army Corps of Engineers, ATTN: CENAB-PL-PC, P.O. Box 1715, Baltimore, Maryland 21203-1715, telephone (410) 962-3639.

SUPPLEMENTARY INFORMATION:

1. The project will be constructed under Section 204 of the Water Resources Development Act of 1992, which allows Federal funding for the protection, restoration, and creation of aquatic and ecologically related
