SUPPLEMENTARY INFORMATION: TSCA section 3(c)(3) prohibits the manufacture, import, processing, and distribution in commerce of PCBs in most situations unless EPA grants an exemption from the prohibition by rulemaking. 15 U.S.C. 2605(e)(3). On December 6, 1994, EPA published a proposed rule addressing 19 petitions for exemptions from the TSCA section 6(e)(3) prohibition (59 FR 62875). EPA also announced that it would conduct an informal hearing upon request. EPA received a request for a hearing from S.D. Myers on EPA's proposed decision on their four petitions which seek an exemption from the prohibition on importing PCBs from Canada for disposal in the United States. EPA will hold an informal hearing on its proposed decision to deny these four petitions on March 6, 1995. In general, the procedures that govern rulemaking, including informal hearings, with respect to petitions for exemptions from the TSCA section 6(e)(3) prohibitions are specified in 40 CFR part 750, subparts A through C. Subpart B specifies the procedures that govern rulemaking for petitions seeking exemptions to manufacture and import PCBs. The procedures in that subpart govern the March 6 informal hearing and subsequent rulemaking activities involving the Myers' petitions. The following notice summarizes those procedures. Participants and commenters are advised to consult 40 CFR part 750, subpart B for greater detail.

Each person or organization desiring to participate in the informal hearing shall file a written request to participate with the OPPT Document Control Officer (see ADDRESSES above). The request shall be received on or before February 24, 1995 (40 CFR 750.18(a)).

The request shall include: (1) A brief statement of the interest of the person or organization in the proceeding; (2) a brief outline of the points to be addressed; (3) an estimate of the time required (not to exceed 15 minutes); and

(4) if the request comes from an organization, a nonbinding list of the persons to take part in the presentation. An organization that has not filed main comments on the rulemaking will not be allowed to participate in the hearing, unless a waiver of this requirement is granted by the Record and Hearing Clerk (see ADDRESSES above) or the organization is appearing at the request of EPA or under subpoena (40 CFR 750.18(b)). A panel of EPA employees shall preside at the hearing, and one panel member will chair the proceedings. The panel may question any individual or group participating in the hearing on any subject relating to the rulemaking. Cross-examination will normally not be permitted at this stage. However, persons in the hearing audience may submit questions in writing for the hearing panel to ask the participants, and the hearing panel may, at their discretion, ask these questions (40 CFR 750.19). See 40 CFR 750.19 and 750.7(c) for the rule governing the submission of additional material by the hearing participants.

After the close of the hearing, any participant in the hearing may submit a written request for cross-examination. The request shall be received by EPA no later than 1 week after a full transcript of the hearing becomes available (to determine when the transcript is available, interested persons may contact the Environmental Assistance Division (see FOR FURTHER INFORMATION CONTACT above)). See 40 CFR 750.20 and 750.8 for a description of the information that shall be included in such a request.

Interested persons may file reply comments. Reply comments shall be received on or before March 20, 1995, and shall be restricted to comments on: (1) other comments; (2) material in the hearing record; and (3) material which was not and could not possibly have been available to the commenting party a sufficient time before main comments were due on February 6, 1995. (40 CFR 750.15). Extensions of time for filing reply comments may be granted pursuant to 40 CFR 750.4(c).

Reply comments and a transcript of the hearing will be placed in the Nonconfidential Information Center as part of the rulemaking record for the proposed rule (docket number OPPTS-66019A). A full list of these materials is available for inspection and copying in the TSCA Nonconfidential Information Center from 12 noon to 4 p.m. However, any information claimed as Confidential Business Information (CBI) that is part of the record for this rulemaking is not available for public review. A public version of the record, from which

information claimed as CBI has been excluded, is available for inspection. The address for the TSCA Docket Receipts appears under the ADDRESSES section of this notice.
